Subject: Invitation for two days' hands-on workshop entitled 'Advances in Molecular Biology Techniques'.

Dear Sir,

We have immense pleasure in inviting you for organizing **two days' hands-on workshop entitled 'Advances in Molecular Biology Techniques'** for postgraduate students at Department of Zoology on 5th – 6th August, 2022. We sincerely hope that the students will benefit with your expertise in the subject.

Thanking you,

Yours truly,

(Dr. Seema Agrawal)
Principal

Two Days Hands on Workshop on

“Advanced Molecular Biology Techniques”

For Post Graduate Students

5th & 6th August, 2022

Organized by:
Department of Zoology
In collaboration with
Escherichia Genomics Pvt. Ltd.
New Delhi

Kanoria PG Mahila Mahavidyalaya, Jaipur
Department of Zoology
Two Days' Hands-on Workshop on
Advances in Molecular Biology Techniques
(5th – 6th August, 2022)

Participant Attendance Sheet (Students)

S. No.	Name of Participant	M.Sc. Zoology Semester (Kindly Tick Below)		Signature

Two Days Hands on Workshop on
"Advanced Molecular Biology Techniques"
Date 5 & 6th August, 2022

Report

"Two days hands on training program on Molecular Biology Techniques"

A workshop on "Advanced Hands-on DNA on Molecular Biology Techniques and Molecular Marker Analysis Methods" was conducted by Department of Zoology, Kanoria PG Mahila Mahavidyalaya in association with Escherichia Genomics Pvt. Ltd., New Delhi for Zoology postgraduate students on 5-6th August, 2022.

The main objective of the workshop was to strengthen the moving intelligence of student. It included changes in their mindset and thinking patterns, eliminating fears and identifying strengths and talents. Introduction of high standard biotechnology protocols provide them skills of biology experiments for their life time excellence in biology and increased job opportunity across the globe in biology fields.

Resource person for the workshop was V. K. Singh (Director, Escherichia Genomics Pvt. Ltd). He described advance practical skills about all kind of DNA Isolation, Agarose Gel Electrophoresis, DNA Photography & Gel Documentation, DNA Fingerprinting & Analysis Methods, Molecular Marker Analysis, DNA Isolation Kit Development, Chemical / Buffer / Solution Preparation.

The main outcome of the workshop was that every student got an opportunity to do experiments individually and independently and practiced on their own on the instruments.

This workshop provided a platform for students to stay competitive, upgrade skills, prepared themselves for startup, increase productivity, promote continuous improvement and build confidence in development of high standard skills, thought, and concepts to leads independent research/ thesis/ & development.

42 students along with faculties participated in the workshop and each of them got certificate. At, the end of the workshop feedback forms were filled by the students. The workshop was highly beneficial and appreciated by the participants.
