Report of Mentoring Session -2022-23

No. of Students Present : Oct 12, 2022 Nov 16, 2022 Dec 24, 2022
6 10 8

Activity Planned and Outcomes: A.S.A. invited my first session was done to motivate students to come regularly for classes. And then "SWAYAM" Portal information was provided and as part of last activity ppt competition was done.

Discussion Points: We discussed about different courses available on SWAYAM Portal and also about academic benefits of these. We have discussion regarding dress code during ppt presentation and G.D.

Queries of the students and solution provided: Other than session part students also enquired about fees payment last date, benefits of SWAYAM courses, How to present ppt, and also how to face the G.D. and Interview.

Comments / Remarks

..... Students feel connected through these mentoring sessions and are ready to participate in different activities conducted under Mentoring Sessions:

Date: 15/9/23.

Signature of Mentor

No. of Students Present : 25

Activity Planned and Outcomes : Introduction to mentoring group - Icebreaking, Random files - some of social welfare communication & public speaking activity - to develop confidence, career guidance session.

Discussion Points : what career goals they have - how they can achieve the same. Also, how can we gain confidence in self and more proud in life as a human and as a career optimist. Motivated them to speak in front of their peers on a random topic and also asked a few to share their stories of life.

Queries of the students and solution provided : Most of them were anxious about what to choose as a career & how they can start working from that day itself. A few wanted to discuss about taking their passion as their career.

A few girls also wanted enquired how to cope their family pressure & their dream career.

Comments / Remarks : A few students have already started working as freelancers - taken their passion into profession.

Date : 30/9/23

Signature

No. of Students Present : (9) (10) (12)

Activity Planned and Outcomes: Problem-solving session / Group.
Group discussions on relevant issues.
Online internships for USA
Career opportunities and prospects

Discussion Points: Any query regarding college and
hostels was discussed and resolved.

Intership related guidance was provided to BBA the
Group discussions on current social and relevant
topics was carried.

A discussion on Career Opportunities and
future prospects was also held.

Queries of the students and solution provided: Queries related to
website of Kamoria college and University of Rajasthan
were there which adequately was guided.
Registration process for various clubs & centres.
Career related opportunities and fields was
also the prime topic for discussion.

Comments / Remarks: Students were very much interested
and enthusiastic for the sessions.

They were benefited from the mentoring
as whenever required assistance & guidance
was available.

Activity Planned and Outcomes: Group discussions, Personal problems sharing, Powerpoint presentations, Career counselling, group and personal discussions

Discussion Points: Discussion done regarding the importance of participation in curricular and co-curricular activities. The students were made aware of various clubs and add-on & diploma courses run by the college. Selection of topics, ideas and materials used for poster and model making was done. ^{use of slides on ppt} Students were also asked to daily read newspapers to increase general awareness. How to manage time to prepare for competitive exams was discussed. Queries of the students and solution provided:

- The students had queries regarding the number of slides, the software & apps used for adding flowcharts & diagrams in a powerpoint.
- Students had queries about the scope and job opportunities related to the subject.
- Some students had queries on personal matters which were discussed and resolved.

Comments / Remarks: The overall mentoring session 2022-23 was satisfactory. Students were satisfied and were willing to take further guidance.

Activity Planned and Outcomes : Powerpoint presentation,
Personal problem sharing & suggestions, Group
discussion to enhance skills, Creative thinking
exercises, Career counselling, Group & personal counselling.

Discussion Points: Scientific powerpoint preparation and presentation
skills were discussed. Training & Dissertation Institute
were also suggested to the students for their Academic
& research aptitude developmental studies. Importance
of extra & co-curricular activities were explained. Selection
of relevant topics, ideas, materials for activities like
exhibition were also discussed. Research paper writing &
report writing techniques & tools were also suggested.
Queries of the students and solution provided:

Queries related to the future application & career
opportunities of biotechnology resolved by giving them
information about vast & different scope & area of biotech.
Industrial and research lab visits & exploration was also
suggested as solution of those research aptitude skill enhanced
issues. Query about presentation preparation, report formation,
importance of training & dissertation work were also resolved.

Comments/Remarks: The overall mentoring session was found
to be helpful for the students. Students were satisfied
with suggestions & explanations. They became insightful after
these sessions. They were looking forward for these type of mentoring
sessions and our further guidance in future. (Dr. Manakshi Farjyal)

No. of Students Present : 20

Activity Planned and Outcomes : Group Discussions, Career

counselling, Creative Thinking for overall activities / competition (Practical) Science exhibition, Motivational sessions to encourage students to join clubs for extracurricular activities, PowerPoint presentations etc.

Discussion Points: 1) Guidance about mentoring sessions i.e. how students can

get themselves benefited by sharing their personal & professional queries & doubts

2) Importance of a roadmap explained, how to make files, choosing a social cause

3) Queries related to make balance in life with everything, self study, college,

cooking, social life were entertained & guidance given for the same. Queries

about various career opportunities & scope in different fields of Biotechnology

discussed & queries related about their future prospects & discussion on time

& allocation available and special fields were held.

Queries of the students and solution provided: 1) Five students shared personal

prob / doubts queries were resolved & guidance provided accordingly. 2) Importance

of practicals in biotechnology was given. 3) Queries regarding the completion

of syllabus on time, told to divide their time according to sub / paper / topic

Doubts were handled & resolved by guiding them the importance of making &

following the time table for themselves & exam related pressure. The next thing

to do was discussed & resolved. 4) How students can be present themselves

in their training & decent ppt / website give emphasis on major & table points,

pronunciations, knowledge of all results next week should be strongly

relationship. It found that session 2022-23 were good for students

Activity Planned and Outcomes: The participatory sessions were organized in which student's introduced themselves and talked about their strength & weakness. The students showed active involvement in every session.

Discussion Points: Various queries of the students were discussed in these sessions like syllabus, time-table, available career opportunities etc. I gave them information regarding club associations, skill enhancement courses and also about the events organized by the college.

Queries of the students and solution provided: The students had queries regarding books, study material, reference books, practical file preparation, how to join club & associations, skill enhancement courses and how to take part in various events. I resolved all the queries and motivate them to participate in events & other activities according to their area of interest.

Comments / Remarks: Mentoring sessions were conducted to interact with students. The sessions adequately made the new students familiar to the cultural & academic environment of the college.

No. of Students Present : 43

Activity Planned and Outcomes : ... Group Discussion activity ...

Introduction round for new students and Ice breaking activities were conducted among the students.

Outcome - students were aware about each other. They were able to speak on given topic as well as exchange of their

Discussion Points : ... During the various meeting with

members ... They were informed about the extra-curricular activities, club & association of the college.

Syllabus, Time-table, Examination pattern as well as important topics were discussed.

Queries of the students and solution provided : ... During the meeting

their queries were resolved like - how to start

the study? Which book we should take, how to prepare

notes from reference books, how to prepare yourself for exams etc.

* ... How they can attempt their questions in

exam & secured good marks.

* ... WhatsApp groups were also created to resolve their queries.

Comments / Remarks ... Overall group of members

... were quite good & I think it would

always be easy to students to approach their

mentor & get the solutions of their problem

so it is a good initiative.

Activity Planned and Outcomes: ① Science Exhibition
② Chemistry Seminar, Workshop and Guest's Fekria lecture
③ Industrial Visit

Outcomes: Students participated in all events and got certificates & prizes, helped to overall personality development.

Discussion Points:

- Problems related to theory & Practicals
- Examination form
- Student Satisfaction survey
- College Clubs & cells
- Student Feedback form
- Alumni Association

Queries of the students and solution provided:

- Problems solved related to Time Table, Practicals and theory papers
- Helped to fill Examination form
- Shared knowledge of college clubs & cells
- Shared knowledge of Skill Enhancement courses
- Solved last years Question Papers

Comments / Remarks

Increased interaction between teachers & student,
Enhanced learning and presentation skills
of students

Handwritten marks/signatures at the bottom right of the page.

No. of Students Present : B.A. Part I (10) ... B.A. Part II (5).....

Activity Planned and Outcomes : ...Introductory session...was planned for freshmen of B.A. Ist year... to discuss & inform students about college, campus, library, laboratories, etc.....

Result Discussion activity was planned to highlight the mistakes done by students
Discussion Points : Throughout the year... during multiple mentoring sessions following points were discussed :.....

1. Clubs & societies & associations inside the college.....

2. Pre-Internal exams.....

3. Online e-resources like NPTEL, SWAYAM, SWAYAM PRASHNACHANDRA

4. Time management during Examination (Theory & Practical)

5. Seminars, workshops, field visits organised by department & college.

Queries of the students and solution provided :

1. How to access library? → Proper guidance provided to issue/return books

2. How to prepare notes & file → notes were provided & sample file was shown

3. How to use NPTEL? → Proper tutorial was given & practically discussed.

4. How to write answer in exam? → Structuring questions, answer writing like plan

5. Personal Problems of students? → Suggestions & counselling was done

6. Coding & errors related issues → Proper coding, flowchart & error identification

..... & correction tips were given with the help of practical applications

Comments / Remarks

... First year students need more dedicated mentoring which was provided by the mentors. Second & third year students also require constant & counselling. Mentoring sessions are really helpful to grow our students.

No. of Students Present : ... BCA - Part (III) ... 11 ...

Activity Planned and Outcomes : .. Introduction ... meeting ... with ...
mentees ... joined ... college in October ... students were
not aware of any objectives as a mentor. Discussion
points were specifically about the timely completion of
course and the placement role of Gaa and PPA.

Discussion Points: During different mentoring sessions the common
points of discussion were:

1. How to improve programming skills.
2. How to prepare for placements
3. What different courses apart from syllabus can
help in getting industry ready.
4. Unresolved personal issues if being faced by any
student.

Queries of the students and solution provided:

Queries	Solutions
1. How to improve coding skills	Suggested library Leetcode
2. How to what to study for IT jobs	Suggested books and portals for preparation
3. How to use NPTEL	Emphasized students can solve assignments with me on given time
4. What to do for better programming	Directed them for portals of discussion on programming skills.
5. Personal issues and queries	talked on one to one basis.

All the mentees were of part-3 and were
always specific about their decisions to opt for
higher student studies or to start jobs and

Comments / Remarks : getting prepared placements. Most of
the mentoring sessions as well as one to one talks
were based on enhancement of skills which can help students
for getting good opportunities in their professional life.
Due to low attendance of 3rd year students the sessions

Vijay Laxmi
Signature of Mentor

No. of Students Present : 2, 9, 6, 6

Activity Planned and Outcomes :

1. Subject Discussion & Career opportunities

2. Presentation by students about their objective in life.

Outcome - Students shared their doubts and came to know about

ways through which they can do better and concentrate

Discussion Points: with their goals.

1. optional Subjects

2. Study Strategy

3. Home Environment and Support System

4. Admissions in Higher Educational Institutes

5. Importance of Co-curricular activities

6. Personalise talk so they become comfortable to share personal things.

Queries of the students and solution provided:

1. What optional subject should be chosen in II & III year?

- Brief provided about both the subjects and

Q. What are the career opportunities?

- Details provided about a no. of career options available

3. How to manage our time between Study and co-curricular activities?

- We discussed different strategies for this and also importance of

being regular and discipline in life.

4. Some personal queries were also like how to make routine at

home or how to gain parent's trust?

→ First try to understand their family condition and then

Suggest how to arrange yourself, help parents and make them

Comments / Remarks: free for your needs.

Mentorship is a great initiative to make students

and teacher relationship comfortable and understandable. It

provide a platform to both of them so that they can talk

each other and discuss their matters apart from academics.

Activity Planned and Outcome: The objective of this mentoring session was to provide guidance and support to the

mentees in their developing stage. I planned introduction and discussion activity. I started all the activities of college in my mentoring groups so that student can participate in college activities.

Discussion Points:

Career, college life, Co-curricular activities, Goal setting and progress, Challenges and Problem Solving, Career development, Time Management, Personal Development, Leadership and Management, Industry trends and insights, college culture and ethics, Entrepreneurship.

Queries of the students and solution provided:

Students bring lecture-related issues and file checking issues. I provide tailored solutions.

Comments / Remarks: Mentoring groups are enhancing the well-being and development of students. If more students actively participate in mentoring groups, they can reap even greater benefits.

Report of Mentoring Session-2022-23

No. of Students Present : 8 49 17 4

Activity Planned and Done: Students can overcome or manage topics like "How to remove fear of examination?" How to make good use of time for Examination? How to develop learning strategy for various kind of examinations and importance of health?

Discussion Points: Students have improved their always expression skills related to various activities. One student came up with a plan for the exam based on the subjects. Need to put more focus & attention on syllabus, use of flow charts, graphs, maps etc. reduce tuition. Prepare a personal revision for night & early type. Importance of examination program can discuss and about overall fitness & need to have a healthy lifestyle for progress in student life.

Queries of the students and solutions provided - Exam fear is common to all students. Students put questions related to difficulty in studying, fear of certain subjects, poor resources, parents' expectations, lack of confidence and inability to focus, timidity etc. Students were counselled how they can create a study plan, early revision, make a time table for their studies, proper attention to each subject, make short & concise notes. They were also made to learn role of good diet, sleeping, exercise.

Comments / Remarks: Students developed confident attitude towards examination. Strong subject knowledge, critical and literature thinking, now they learnt with more curiosity. Need of good health and will help in student life all around by them.

Activity Planned and Outcomes : There were many activities conducted dedicated to solve queries that students had regarding the clubs and associations of college.

Discussion Points: What key minutes do you need to perform better as a student. student were also suggested ways to get better at time management. How to get rid of stage fright. As students learn classical music in college, but where can they learn about different music genres.

Queries of the students and solution provided: How to perform for competition come and how to enhance their practical and theoretical knowledge?

-> students were given some books and study material and were also guided

about how to brush up their singing skills.

What are the steps students should take to avoid last minute stress.

Comments/ Remarks : It would be great if there were more sessions like that in future as it helps students to boost their confidence.

Sunita
SIGNATURE OF MENTOR

No. of Students Present :- 20

Activity Planned and Outcomes :- (1) Discussion about Exams and Results and ^{short termings}

(2) Techniques to develop communication skills to proceed through in a ^{successful} manner

3) Career guidance & field work 4) Motivate to do skill courses

5) To develop sense of responsibility through motivating lecture

Discussion Points: (1) Exams are good but result is not satisfactory
to discuss about their mistakes while doing papers

(2) Revised techniques to develop communication skills by organizing
group discussion on a common topic and push them to speak confidently

(3) Field work is very imp for ~~study~~ placement in today's scenario

So awareness about various forms is given (4) Motivated
students to join various college clubs according to their hobbies
so that they can be benefited by them (5) motivating & inspire lecture
in a ^{shared} with them

Queries of the students and solution provided:

(1) The main problem students are facing is while giving exams
if they know the answer but sometimes they are not able to

write it properly so I have guided them to write study

by this in question form (2) They hesitate to speak in public

so I guided them to speak whether in Hindi or English no

matter just be confident (3) They are very confused about

the career options so I have guided them about various option
in private/government organizations

Comments/Remarks

The students were benefited from these
sessions and also found them helpful in
improving their overall growth

No. of Students Present : 18 (B.Sc Part II)

Activity Planned and Outcomes: Various activities were conducted during this session like Interactive Session, Laboratory Session, Career Advancement, Course Work Specific. Regarding Attendance and Performance, etc.

Discussion Points: Students came forward with their suggestions and ideas in the various activities. They interactively participated in Ice-Breaking session conducted at the starting of the session. They suggested some new ideas regarding their assignments. Various topics were discussed related to their curriculum as well as about their examination pattern.

Queries of the students and solution provided: In the Course Work Specific Regarding Attendance and Performance, we discussed about their Examination pattern and the strategy to prepare and appear in the exams. Likewise students along with their regular college studies should solve previous year question papers so that they are familiar with the questions related to the topics covered in the classroom. Besides this they were prepared for practical exams^{also}

Comments / Remarks: These kind of mentoring sessions helped students a lot as students can share their personal and college related issues and can get their solutions.

Activity Planned and Outcomes : Various activities were conducted during this session like Interactive Session, Laboratory Session, Career Advancement, Course-Work Specific. Regarding Attendance and Performance and Success after failure

Discussion Points : Students came forward with their suggestions and ideas in the various activities. They interactively participated in Ice-Breaking session conducted at the starting of the session. They suggested some new ideas regarding their concerns. Various topics were discussed related to their curriculum as well as about their examination pattern.

Queries of the students and solution provided : In the Course-Work Specific Regarding Attendance and performance, we discussed about their Examination pattern and the strategy to prepare and appear in the exams. Like students along with their regular college studies should solve previous year's question papers. So they are familiar with the questions related to the topics covered in the classroom. Besides this they were prepared for practical exams ^{also}

Comments / Remarks : This kind of mentoring sessions helped students a lot as the students can share their personal and college related issues and can get their solutions

No. of Students Present : 18

Activity Planned and Outcomes : Discussion about their career opportunities, practical discussion, importance of random file, queries related to their ~~exam~~ theoretical and practical exam.

Discussion Points: In career opportunities, making discussion was based on the ~~job~~ different private and Govt. jobs and various courses after B.Sc. In practical discussion, it is related with practical exam pattern and importance of practical in daily life. Importance of random file and why this subject is added in their syllabus.

Queries of the students and solution provided:

Q1. How Physics can be interesting? (not interested in P.C.E)

Ans. By relate every thing to daily life examples.

Q2. Is there any job after only B.Sc?

Ans. By providing various job opportunities (Govt. or private) only after B.Sc.

Q3. Why random is added into our syllabus?

Ans. To develop moral values among young generation.

Comments / Remarks

..... All the students were satisfied with the mentoring session. I give suggestion for more sessions in future ahead.

Activity Planned and Outcomes : On the first day of mentoring, a general

discussion was held with students about mentoring group. In next activity information was provided to students about Anandam file and how to create file was discussed. The lecture was prepared. In explain exam pattern and one more to discuss for final practical exam

Discussion Points

motive of mentoring group was discussed. Students show their problems regarding syllabus and their practical class. One extra revision class was also prepared for students in which we discuss about practical exam, path making and any circuit etc. I also discussed importance of attending seminar, good lecture with students. In a one session I discussed how to write answer in proper way in final exam because that was major. We also discussed about different techniques which helps Queries of the students and solution provided.

Ques 1:- What are career opportunities after BSc?

Ans:- They will discussed how they can find job in govt. & private sector. They can also go as junior scientist in many organizations.

Ques 2:- They were confused about clubs and activities proposed in school.

Ans:- I discussed how they can select any club by their interest.

Ques 3:- How to create Anandam file and what it's use.....

Ans:- I explain to students how to create file and this will make you more moral towards your duties of society.

Comments / Remarks

Students were well satisfied and also share their feedback. All the mentoring session were very well planned.

Activity Planned and Outcomes: Discussion on syllabus & importance of physics & its applications... made a report "Random files" & its importance and why it is part of syllabus curriculum...

Discussion Points: Syllabus of Physics was thoroughly discussed, what is the future prospect of the subject (Physics) and its application part was discussed. How important the Physics Practical are for us to handle the apparatus, basic knowledge is required! Reputation of Random file, and what activity should be done by students, and why the importance of random file is part of syllabus curriculum. Its use and importance, future scope of physics subject and career opportunity after graduation is still was discussed.

Queries of the students and solution provided:

- What are the real part use of physics practicals.
- Why we are making Random files.
- What activities should be done.
- What are the future aspects of physics and scope of subjects.

Solution: The importance of physics & relate them to our daily life using many families. Ideas like our own story, activities as was discussed.

• The state of mind is good for health and its help for a good life and it should be part of our syllabus curriculum. Many future aspects

Comments / Remarks: ... and activities, science, etc. and job opportunities.

• Student are quite satisfied and their queries were solved. All the sessions were attended by most of the students.

Meeting 2 :- 7 [Online]

Activity Planned and Outcomes :

to activities related gender empowerment.....
to various activities conducted by department and
college like educational trip, social media survey,
to these activities motivated them about gender equality
on public platform, made them aware about their rights

Discussion Points :

to Agenda behind the Arandam Initiative
to Benefits of attending co-curricular activities
to Benefits of attending the classes, guest
lectures, club activities

to Harassment inside and outside the college
to Personality Development career opportunities

Queries of the students and solution provided:

to What is Arandam? - told them about this initiative
of 'Joy of Living' which makes them responsible and
helpful

to College Attendance? - college attendance is not only
for the sake of attendance but one should attend the
college for holistic personality development

to Scholarship? - then student asked about the
scholarship. I not only told about various scholarships
but sent them to the college resource person also.

Comments / Remarks :

Students want to focus more on career
opportunities, they want career counselling in their
respective classes which should be held according to
their choice.

Report of Mentoring Session - 2022-23

No. of Students Present : 30 (Thirty) - Total

Meeting 1: 16-12-22 - 13 present } R17 at 1 pm

Meeting 2: 20-12-22 25 present

Activity Planned and Outcomes : We planned activities related to Anandam. It includes helping at home, gratitude journaling, visits to special schools and NGO [ROWA]. This helped students to learn the art of giving.

Discussion Points : • Discussion on Anandam projects

• planning of visits

• Discuss about careers

• Involvement in activities like plantation, cleaning and sweeping gardens, preparation of daily diaries

• Personality grooming activities

• How we can enhance mental health of self & others

Queries of the students and solution provided : • Related - to involvement

in club activities → instructed on various clubs and centres also directed them to get enrolled in certificate courses.

• Related to careers — conducted a session on careers and opportunities available to a psychology student.

• Related to Scholarship and fees — instructed to visit office.

Comments / Remarks : The concept of mentoring is really good. It helps in building connection between the mentor and mentees, and it provides students a person/teacher whom they can reach for discussion. A bit of happiness spreads the joy for many.

Activity Planned and Outcomes : A productive debate has been planned for students to learn how to maintain positive emotion even in challenging situations. How to get skill based learning how it can be implemented.

Discussion Points : The students learned how to have difficult conversations calmly, without turning them into an argument.

- Strengthening the skills create more opportunities, enhances creativity and innovation.
- Knowledge based learning improves the testing, analysis and questioning.

Queries of the students and solution provided :

Students asked how the skill based learning improve their development. We explained that skill based approach leads to personal and professional growth, bringing long sought after goals within reach. This style of learning is designed to target and sustain a higher level of retention.

Comments / Remarks : This session improved their problem solving strategies. It deepens their insight and perspective towards skill based education. This session also improved their communication and thinking skills.

No. of Students Present : 8

Activity Planned and Outcomes: The purpose of the session was to guide and development of students and I gave information to the students about the programs of college, so that they can participate in them and develop themselves and improve themselves.

Discussion Points: Problems and Advantages of college life, challenges ahead after college and career related problems, suggestions related to college, feedback of which college programs and activities

Queries of the students and solution provided: 1. Students bring section related issues and 2. provided solution

Comments/Remarks: All mentoring groups groups can be further developed and their results could have been even better if more students had participated in them.
