Department of Zoology

is organizing

One Day Hands-on Workshop

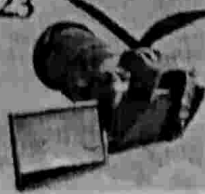

For Post-Graduate Students

on

'Zoology in Frames'

(Under DST-CURIE Project)

09th January, 2023

Program Schedule

1. Visit to Barkheda to study faunal diversity.
2. Field experience to capture the images using DSLR Camera.
3. Interactive session on 'Basics of Wildlife Photography'

Resource Person:
Prof. Renu Kohli
Assistant Director
College Education,
Regional Office, Indrapur

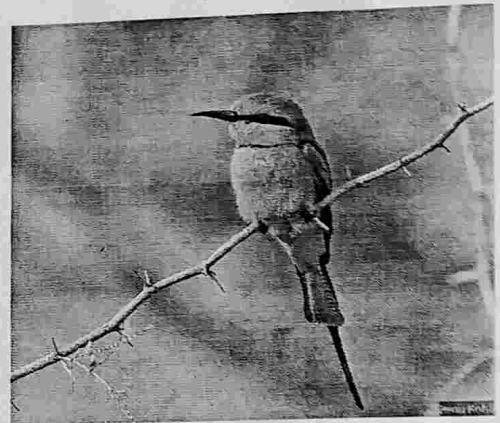

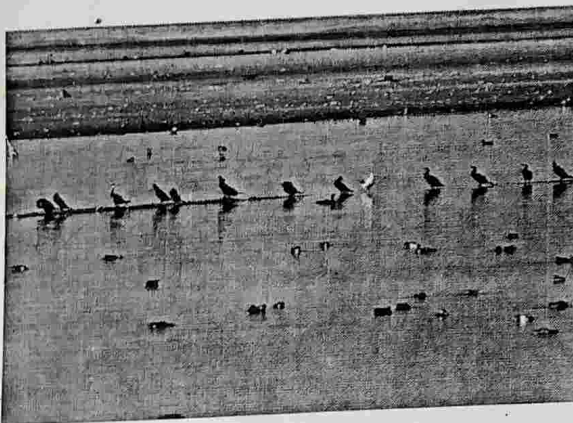

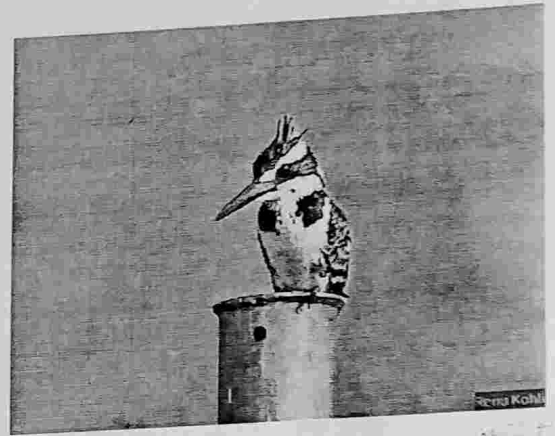

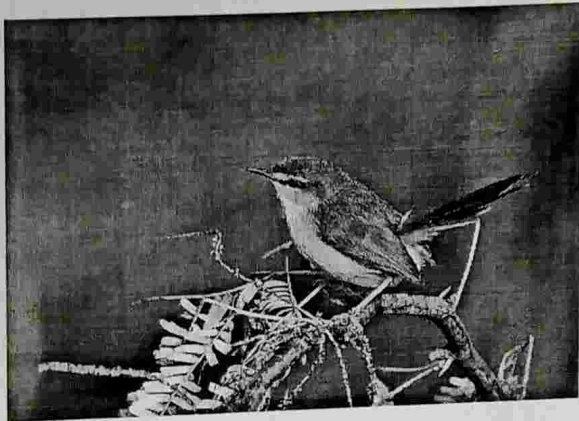

गर्ल्स ने जानी फोटोग्राफी की बारीकियां

बेधड़क, जयपुर। कानोड़िया पीजी महिला महाविद्यालय डीएसटी क्यूरी प्रोजेक्ट के तहत प्राणी शास्त्र विभाग द्वारा 'वाइल्डलाइफ

फोटोग्राफी व बर्ड वॉन्चिंग' विषय पर एक दिवसीय कार्यशाला आयोजित की गई। प्रोफेसर रेनु कोहली असिस्टेंट डायरेक्टर शिक्षा विभाग जोधपुर ने छात्राओं को फोटोग्राफिक कौशल की बारीकियों पर व्याख्यान

दिया। इस मौके पर महाविद्यालय प्राचार्य डॉ. सीमा अग्रवाल ने स्मृति चिन्ह देकर कोहली का स्वागत किया। प्रो. कोहली, महाविद्यालय की प्राध्यापिकाओं व छात्राओं ने क्षेत्रीय दौरा किया, जिसमें बरखेड़ा गांव में स्थित झील पर आए हुए प्रवासी पक्षियों की फोटोग्राफी व उनके आवास और स्वभाव का अध्ययन किया।

Report on Workshop 'Zoology in Frames' (Under DST-CURIE Project)

As part of the proposal entitled "*Faunal diversity study of Jaipur and its nearby area to create awareness 'Zoology in Nature' among students*" submitted under the DST-CURIE project, one-day hands-on workshop on '**Zoology in Frames**' was organised for the Post Graduate students (Sem. I and Sem. III) of Zoology on 9th January, 2023. The aim of the workshop was to understand the basics of DSLR camera handling and capture good shots in field along with study of Avian diversity.

Prof. Renu Kohli, Assistant Director, College Education, Regional Office, Jodhpur was invited as resource person who delivered an interactive lecture on '**Creating love for nature through wildlife photography**'. She shared about her journey of becoming an avid wildlife photographer and also discussed about the birds found in Rajasthan. Her lecture was an inspiration for students to create awareness about wildlife and biodiversity through photographs. After her informative lecture on DSLR handling technique, a field visit was also organized to Barakheda lake (approx. 35 km from Jaipur) for some practical demonstration of camera and hands-on practice for the students. Barakheda lake become home for migratory birds during winters. Although it's a small waterbody but it still attracts many migratory birds. Keeping this fact in mind this lake was selected for field visit and students were not disappointed as they were able to see migratory birds and also spotted some local birds at the site which included Green Bee eater, Ashy prinia, Pied kingfisher, Northern Shoveler and many more. The workshop served as an important tool of experiential learning; a shared field experience along with expert of wildlife photographer provided the opportunity for students to encounter and explore biodiversity in nature.
