पीड़ा को कटारिया राधों का ग्राफ

कृषान को अपने कृषि कनेक्शन के लिए 3-6 महीने तक कनेक्शन नहीं दिए जाते हैं, वहीं भाजपा सरकार द्वारा दी गई बजली सब्सिडी को भी बंद कर दिया। राजस्थान सरकार की नीति के चलते बजली कंपनियों का कर्ज 82 हजार करोड़ पहुंच चुका है।

कटारिया ने कहा कि राजस्थान महिलाओं से बलात्कार में जहां नम्बर एक पर आ गया है, मुख्यमंत्री गहलोत कहते हैं कि बलात्कार के अधिकतर मामले झूठे होते हैं, इसके बावजूद भी इस वर्ष ग्वालिग बच्चियों से बलात्कार की 13 हजार 5 सौ मुकदमे दर्ज हुए हैं। पिछले 3 वर्ष में बलात्कार के मामले राजस्थान में 36 फीसदी की प्रतिवर्ष बढ़ोतरी हुई है। कटारिया ने कहा कि, प्रदेश में गैंगवार के मामले तीव्र गति से बढ़ रहे हैं, आज राजस्थान में शहर शहर में छोटी छोटी गैंग बन रही है, कोई भी अपराधिक गैंग बिना पुलिस के संरक्षण में सक्रिय नहीं हो सकती, जिसकी बानगी हाल ही में सीकर में हुई राजू ठेठ की हत्या के साथ एक बकसूर बच्चो के पिता को मौत के घाट उतार दिया जाता है। इस दौरान प्रेस वार्ता में प्रदेश मंत्री लक्ष्मीकांत भारद्वाज, प्रदेश पीडिया सह-संयोजक अशोक सिंह गेखावत मौजूद रहे।

REPORT ON CHEMISTRY WEEK- 2022-23

Department of Chemistry organized a two-day National Chemistry Week on 14-15 October 2022 in the college campus. The event's theme was "Fabulous Fibers." Both the B.Sc. and M.Sc. students actively participated in the event. It is an annual event and is organized yearly to raise public awareness of the importance of chemistry in everyday life. The goal of organizing this event was to broaden a student's mind beyond what they learned in college. This event included a variety of competitions such as a quiz competition, poster presentation, group discussion, and so on.

The Quiz competition fostered a healthy competitive environment among the students while putting their knowledge to the test. Along with the competitors, the students in the audience took part in the competition and showed great enthusiasm. When a competitive environment was created on one side, the other side displayed a student's creativity, efforts, and knowledge by displaying various types of posters. The posters were created by students with the assistance and guidance of their teachers. All of the posters were one-of-a-kind and fascinating. Students chose topics such as types of cloth materials, nano fabrics with hydrophobic and hydrophilic properties, postulates of green chemistry, nature of dye activity and so on for their posters. Along with that, a group discussion was held in which students discussed various cloth materials such as wolverine, nylon, and so on. This activity expanded a student's knowledge by discussing the chemical composition, benefits, hazards, preparation, and so on of different cloth materials. Around 150 students participated in the event.

Finally, the winners received prizes and certificates, which increased their confidence in participating in future competitions of this type. Overall these type of events increased knowledge, confidence and interest of students in the field of chemical sciences.

The exhibition is started at 10:15 am and inaugurated by the chief guest Dr. Rashmi Chaturvedi (Director, Kanoria P.G Mahila Mahavidyalaya) and Dr. Seema Agarwal (Principal, Kanoria P.G Mahila Mahavidyalaya). In this exhibition all the students from the departments of science had participated and show their talent by making poster, working models, models and charts related to the Chemistry, Physics, Zoology, Botany and Biotechnology etc. As the exhibition started, various students presented their projects. Director, along with the Principal, went around looking at the different models designed by the students and assessed the descriptions given by the students.

There are around 100 students from the Department of Chemistry who participated in this exhibition and won prizes. Vanshika Taneja, Jessica Mathuria Kirti Singh and Zerfishan Naqvi, Pooja Yadav, Anushka Jain, Prashansa won first prize by making Chernobyl Disaster and Electricity Generator by Trash respectively. Sncha, Priya, Anushree, Vinny and Deccali, Sakshi Ayushi won second prize by making Bio Gas Plant and Nuclear Power Plant With Organic Farming, Everyone who participated in the exhibition were given certificates for their excellent efforts. The exhibition ended with the Principal delivering a speech extending her gratitude to all the students who participated in the exhibition.

REPORT ON INDUSTRIAL VISIT

VENUE: OSWAL SOAP FACTORY AND SURENDRA INDUSTRIES (Malviya Industrial Area)

DATE: 6 JANUARY 2023

An industrial visit to Oswal soap factory was conducted for all undergraduate chemistry students on 6 January 2023. Dr. Nidhi Gupta, Dr. Hemlata Sharma and Dr. Swati Singh accompanied the 30 students for the visit. The aim of the industrial visit was to go beyond Academics, as an industrial visit provides students a practical perspective of the work place and gives an opportunity to the students to learn through interaction, the working methods and employment practices. The undergraduate students got familiar with the manufacturing process of the well known Oswal soap, Oswal dishwasher, Oswal detergent, Oswal toilet cleaner, and many more products. These products are used by almost every household in India. Mr. Harsh Jain (Owner of Oswal Group) explained in detail about the different phases viz. saponification, preparation, labelling, packing, marketing and quality check involved in the making of soap. Sir also explained how the temperature, colour, perfumes and pH affects the quality of the soap. The research assistants gave the live demonstration of the instruments used and explained briefly how does the plant works. At last snacks were arranged for the students and faculty members. On the whole, the industrial visit was very fruitful as all the students got exposure to actual working environment and that is how theoretical concepts are put into action. It helped the students to improve interpersonal and communication skills.

Kanoria PG Mahila Mahavidyalaya, Jaipur
Department of Accountancy and Business Statistics

The departmental activities always aim to provide market knowledge to the students besides teaching them the theoretical aspects of accountancy & business statistics. To make students aware about the importance of Intellectual Property Rights and the process of Patent filling, one-day online workshop was organized on 3rd February 2023. The Resource Person was Ms. Chhavi Garg, NIPAM Officer & Examiner of Patents & Designs, Ministry of Commerce & Industry, Government of India. According to Ms. Chhavi, Intellectual Property Rights are categorized as Patents, Trademarks and Copyrights. Any innovation in terms of Research article, poem, song, artistic work, product, etc. can be registered as Patent, Copyright or Trademark. This renders the legal right to prevent others from counterfeiting, manufacturing, or selling the invention without the innovator's consent. She also explained the process of Patent filling in India. Students asked various questions about the charges, the benefits of acquiring the Patent and the importance of IPR in today's scenario. The workshop was very useful for faculty members as well as students. 130 students attended this workshop
