जयपुर समाचार जगत न्यूज। कानोडिया पीजी महिला महाविद्यालय के अभिव्यक्ति क्लब की ओर से तीन दिवसीय वाक कला कौशल कार्यशाला का आयोजन किया गया। इसके अंतर्गत महाविद्यालय प्राचार्य डॉ. सीमा अग्रवाल ने छात्राओं की सक्रिय सहभागिता की सराहना की और वर्तमान में अभिव्यक्ति कौशल की उपयोगिता पर प्रकाश डाला। वर्कशॉप के पहले दिन करियर कोच व पब्लिक स्पीकर और महाविद्यालय की पूर्व छात्रा श्रिया पोद्दार ने छात्राओं को व्यक्तित्व विकास में अभिव्यक्ति के योगदान को समझाते हुए वाक कला की जानकारी दी। साथ ही ग्रुप डिस्कशन और इंटरव्यू में स्वयं को प्रस्तुत करना सिखाया। वहीं, दूसरे दिन महाविद्यालय की पूर्व हिन्दी विभागाध्यक्ष, साहित्यकार डॉ. रेखा

छात्राओं ने किया एजुकेशनल ट्यूर

महाविद्यालय के मनोविज्ञान विभाग की ओर से विभाग की छात्राओं को शैक्षणिक भ्रमण पर शक्ति स्तम्भ ले जाया गया। यह ट्यूर राजस्थान विश्वविद्यालय महिला संगठन (रूवा) की ओर से आयोजित किया गया। जहां संस्था की अध्यक्ष डॉ. कोकिला जैन ने छात्राओं को रूवा संगठन की ओर से महिला सशक्तिकरण के क्षेत्र में की जाने वाली विविध गतिविधियों से अवगत करवाया। छात्राओं ने समाज में शारीरिक एवं मानसिक रूप से प्रताड़ित महिलाओं को संगठन की ओर से दी जाने वाली परामर्श सेवाओं तथा उन्हें प्रदान की जाने वाली सुविधाओं का अवलोकन किया।

गुप्ता ने छात्राओं को कहानी एवं काव्य पाठ करना सिखाया। अपने विचारों को आत्मविश्वास के साथ अभिव्यक्त करने के लिए नियमित अभ्यास को आवश्यक बताते हुए उन्होंने छात्राओं को मंच पर आकर अपने विचार व्यक्त करने के लिए प्रेरित किया। दोनों विषय विशेषज्ञों ने छात्राओं के प्रश्नों का समाधान भी किया। अंतिम दिन क्लब संयोजक डॉ. धर्मा यदव ने छात्राओं को मंच

संचालन की मुख्य बातें बताईं और अभिव्यक्ति कौशल हेतु एक प्रतियोगिता का आयोजन भी करवाया। जिसमें डॉ. सुमन धनाका और निशा सैनी निर्णायक रहीं। कार्यशाला में भाग लेने वाली सभी छात्राओं को प्रमाण-पत्र भी दिए गए। क्लब सदस्य डॉ. सुमन धनाका, निशा सैनी और मानवी मेहता की इस कार्यशाला में सक्रिय सहभागिता रही।

छात्राओं को दी पब्लिक स्पीकिंग और स्टेज परफॉर्मेंस की टिप्स

BY: S. Patra , Scientist - IMD

Time: 11.30-12.15

The lecture focused on introduction to weather and its elements and how they are measured. The content of the lecture was easy to comprehend and provided the knowledge of fundamentals of weather and Weather Instruments.

BASICS OF STRUCTURE OF THE ATMOSPHERE

-By Dr. Divya Surendran , Scientist IMD

Date -11 July, 2022

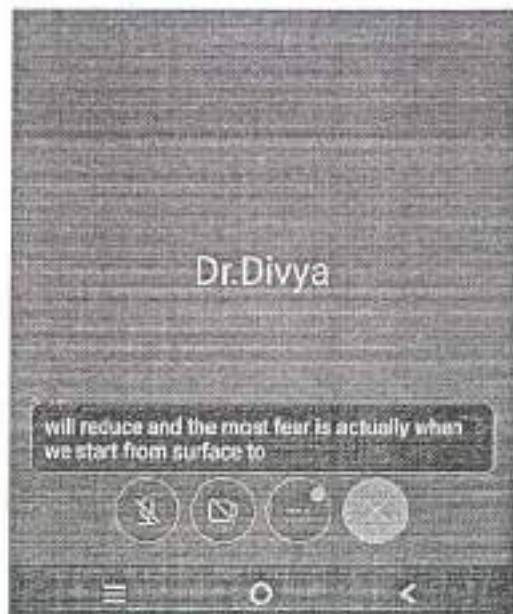

Time - 12:30 pm - 13:15 pm

. Dr. Divya Surendran (Scientist) on 11th July, 2022 at 12:30PM to 1:15 PM took a virtual lecture explaining the concepts of Basics of structure of the atmosphere. In this lecture, the concepts and the structure of atmosphere were explained. The atmosphere can be divided into layers based on its temperature. These layers are the Troposphere, the Stratosphere, the Mesosphere, the Thermosphere and the Exosphere. The troposphere is the atmospheric layer closest to the planet. The stratosphere is second layer of atmosphere found above troposphere. Ozone layer is found in this layer. Mesosphere is the coldest of the atmospheric layer.

Atmosphere of Earth

- Atmosphere: An envelope of air surrounding the earth and bound to the earth by the earth's gravitational attraction.
- Extends from the surface into space with decreasing density with height.
- The atmosphere is really very shallow compared to the size of the planet.
- There is No real top for the atmosphere.

IMPORTANCE OF WEATHER AND WEATHER SERVICES

-By Dr. Sathi Devi

Time : 4:30 pm – 05:15 pm

Date : 11th JULY , 2022

Under the short virtual lecture series organised by Meteorological training institute, IMD and MES (Government of India), A lecture was conducted on the ' Importance of weather and weather services ' on 11th of July by Dr. Sathi Devi who is working with IMD. The series is meant for the students of geography but the purpose of the lectures were to understand the concepts related to Meteorology that can be understood by everyone.

In the lecture Dr. Sathi Devi , explained the topic of weather services in a very simplified manner which was easy to understand. The lecture was concentrated on the uses of weather services and how we can use these services for human benefits. It covered fields where weather services are important and plays a huge role like agriculture, aviation, Health Tourism and trade and transport. It also briefly emphasized on the services given by the IMD such as rainfall information, monsoon cyclone, climate services, geospatial services ,aviation services and urban Meteorological services.

DAY 2 : 15 JULY , 2022

BASIC OF THE SCIENCE OF WEATHER FORECASTING
-By Dr. Somenath Dutta (scientist), NCMRWF

Date : 15th JULY , 2022

Time : 3:30 pm – 4:30 pm

A short virtual lecture series on different modules of weather and climate science and services which was organised by "Meteorological training institute, O/o climate research and services, India meteorological department and ministry of earth sciences" provided a series of virtual lecture to the students. Dr. Somnath Dutta (Scientist) on 15th July, 2022 at 3:30pm to 4:30pm took a virtual lecture explaining the basic science of weather forecasting ,

In this lecture , He explained how Weather forecasting is an important science and how accurate forecasting can help to save lives and minimize property damage. It allows farmers to track when it's best time to plant or help them protecting their crops.

Weather forecasting is complex and challenging. This process entails three steps: observation, analysis and communication.

It will only become more vital in the coming years. Severe weather events are becoming more frequent and more intense because of climate change and variability.

BASICS OF NWP

-By DR. Abhijit Sarkar , NCMRWF

DATE: 15th JULY , 2022

TIME : 04:30 pm – 05:15 pm

In this lecture , the basic concepts about NWP (Numerical Weather Prediction) was discussed . Along with this , a brief history of NWP, components of NWP , sources of model errors and Ensemble Prediction system was also discussed. This virtual series assisted to know how NWP aims at forecasting the future weather by solving a set of governing equations using high power computing system .

The Ministry of Earth Sciences has strongly supported NWP activities, with availability of high power computing system to forecast active and break phase of monsoon , high temperatures , low temperatures etc. upto two weeks . IMD has also made rapid progress in the operationalization of different NWP models to cater variety of needs by forecaster's and other end users .

DAY:3

BASICS OF THE SCIENCE OF CYCLONE

-By Monica Sharma (Scientist)

Date : 22nd JULY , 2022

Time : 3:30 pm– 4:15 pm

Ms. Monica Sharma explain the basic science of Cyclone .

In this lecture, she explained about the different facts of cyclones, Climatology , Theory of formation of Tropical Cyclones etc. TC (Tropical Cyclone) has synoptic scale (21000 km) warm core and non frontal disturbance over tropical or subtropical waters with organized convection & definite cyclonic surface wind circulation. During 1970- 2019, 33% of hydrometeorological disasters were caused by TC . One out of three events that killed most people globally was TC.

DAY: 5

BASICS OF CLIMATE SCIENCE AND BASICS OF CHANGE

SCIENCE OF CLIMATE

-By Dr. Ramesh Vellore (scientist), IITM

-By Dr. Swapna Panickal (scientist), IITM

Date - 01st August, 2022

Time - 3.30 pm - 4.15 pm and 4:30 pm – 5:15 pm

Dr. Ramesh Vellore (Scientist) and Dr. Swapna Panickal (scientist) on 1st August, 2022 at 03:30 pm to 5:15 pm took a virtual lecture explaining the concepts of climate science and climate change.

The lecture focused on basic knowledge of Climate Science. Science of Climate change is the study of the Earth's changing atmospheric composition and the resulting climate and environmental impacts worldwide. Climatologists evaluate scientific data about climate. The climate data often includes information about atmospheric temperature, ocean conditions, ice masses, and greenhouse gases. Greenhouse gases are necessary for Earth to be livable, but adding too much into the atmosphere will disrupt the long-term energy balance, increasing the thermal energy in the atmosphere.

CONCLUSION

Through this virtual series organized by Indian Metrological Department Pune , we as students got an opportunity in terms of expanding our knowledge and abilities about the Basic Sciences of Meteorology and Climatology .

We also learned about the current trends in Weather and Climatic phenomena across the World and specifically India .

The course content and lectures was very informative and well organized .

Sub.: Invitation for Tiger Photo Exhibition on the occasion of International Tiger Day

Respected Mam,

Greetings from Jaipur Tiger Festival.

It is our immense pleasure to bring to your kind notice that Jaipur Tiger Festival (a unit of Rajasthan Heritage, Art & Cultural Foundation, Jaipur) is going to organize a Tiger Photograph Exhibition and contest with support of Forest Department, Rajasthan on the occasion of International Tiger Day 29th July.

Through this exhibition, people will get a sense of awareness and pride towards the wildlife and will take interest to conserve the forest and wildlife. The photographs will showcase different phases of a Tiger's life and instill curiosity and amusement for the animal. The exhibition will play a pivotal role to save our national animal.

The detail of the exhibition is as follows:

Date : 29th – 31st July 2022
Time : 11 am to 5 pm
Place : Parijhat-II Art-Gallery, Jawahar Kala Kendra, JLN Marg, Jaipur

We would take this opportunity to invite your school / college students to visit Tiger Photo Exhibition on the occasion of International Tiger Day which will be very knowledgeable for the students and for conservation of our national animal.

You are kindly requested to send the students and faculty members of your school / college to have a visit of Tiger Photo Exhibition. Feel free to contact the undersigned for any query.

Thanking you,

With warm regards,

Activity ⇒ Jaipur Tiger Festival visit and participation

Objective ⇒ To initiate a Campaign to create love, compassion and affinity towards tigers in particular and Forest in general in the minds of people.

Jawahar Kala Kendra hosted Jaipur Tiger Festival with the support of Forest department of Rajasthan on the occasion of international Tiger day. This festival was attended by the students of M.Sc Geography of Kanoria PG Mahila Maharidaya.

This was of immense importance as Tigers occupy crucial place in Indian culture since ages. It has been symbol of magnificence, power, beauty & fierceness and has been associated with bravery & valour.

This beautifully striped beings are an integral part of the natural ecosystem and decline in the numbers will cause a domino effect and cause a serious threat to all the creatures in the tropic land below and above.

The session was moderated by Ms. sheelu and Dr. Neetu Mahawar and Vote of Thanks by Dr. Neelam Bagashwari. She also briefed about the waste paper collection for recycling campaign and invited all the participants to contribute towards making of a sustainable society. The session was attended by faculty members and 139 students of B. A/ B. Sc Part I , II and III.

Prof. T.I. Khan: Director (Retd.), Indira Gandhi Centre of HEEPS, University of Rajasthan was invited as a Guest Speaker. The theme of the Talk was , **MONTREAL PROTOCOL @35: Global Co-operation Protecting Life On Earth**

In His lecture, He explained basic structure of atmosphere , gases present and their utility and importance for sustaining life on Earth. With Industrial Development and process of Urbanization , developmental activities has brought changes in the natural characteristics of the elements present in the atmosphere. As per the study, hazardous chemicals used earlier in the Developed Nations are depleting the ozone layer. This gas absorbs an ample amount of harmful radiation entering into the earth. This bluish colour gas is a boon as well as a bane for us. It protects from harmful UV rays but is also destructive when we inhale it. At the end of the session, He also answered various queries of Faculty members and students Thus as a whole this seminar was very informative as well as very interesting.

A Report on Birla planetarium visit on the show Cassini Organised by the Department of geography

An educational visit to Birla planetarium was organised by Department of Geography, Kanoria PG Mahila Mahavidyalaya, Jaipur on 30 September 2022.

Birla Planetarium in Jaipur One of the major attractions in the city of Jaipur, the Birla Planetarium is an educational, scientific and research institution. Since its inception, the Planetarium has been deciphering different facets of astronomy. An excellent institute to understand the lesser known world of stars and galaxies.

Cassini – An Incredible Voyage, The Cassini-Huygens mission was launched on October 15, 1997. Its destination was the ringed planet Saturn. This decades long mission included a two ton orbiter to probe into the Saturnian system and a 350 kg landing probe – Huygens, which parachuted down to the surface of the largest moon – Titan. The latest show brings alive on the planetarium dome the

excitements of a host of new findings during this exciting mission. This was truly an international mission. A group of 28 countries from Europe and America participated in its planning, design and execution. One of the 82 moons of Saturn, other than Titan, Enceladus, was found to be quite interesting. Discovery of water deep below icy surface of Enceladus, is one of the major highlights of the mission, raising the possibility of finding life forms anywhere else in the solar system. It is the second satellite in the solar system with direct evidence of a sub-surface global ocean. In addition, this hour long presentation furnishes a host of very interesting astronomical tidbits to the students to make it an unforgettable experience. At Birla planetarium Shri Sandip Bhattacharya (Assistant director), Birla planetarium conducted question session and answered young curious minds with interesting answers.

It was a practical learning experience for students of B. A/ B. SC PART I , II and III who learnt about the lesser known world of stars and galaxies and Cassini – An Incredible Voyage

A Report of Autumn Equinox one Day Activity Organised by Department of Science and Technology in Collaboration with Department of Art and Culture , Rajasthan

An educational visit to Jantar Mantar was organised by Department of Geography, Kanoria PG Mahila Mahavidyalaya , Jaipur on 23 September 2022 as a part of the Autumn Equinox activity organised by Department of Science and Technology, Rajasthan in collaboration with Department of Art and Culture. At Jantar Mantar, Shri Govind Dhadich (Astronomer) and Shri Mohan Lal Sharma (Astrologer) introduced the activity followed by the session on the fundamental of space ,latitude and longitude, zodiac signs and How it is calculated. Students watched the show also which provided a basic information of Instruments and Jantar Mantar. Students were made aware of both the historical aspects and the scientific importance of the monument. It is a tool for the accurate measurement of time and astronomical phenomena. By careful observation of the day and night sky as well as constellations and positions of various celestial bodies in the past. It's name is derived from Yantra (Instrument)and Mantar(formula),

or in this context "calculation". Therefore Jantar Mantar literally means 'calculation instrument'. This observatory has religious significance, since ancient Indian astronomers were also Jyotisa masters. It consists of various architectural astronomical instruments. The site is one of five monuments built by Maharaja Jai Singh II of Jaipur from 1724 onwards, as he was given the task of revising the calendar and astronomical tables by Mughal Emperor Muhammad Shah . The primary purpose of the observatory was to compile astronomical tables, and to predict the times and movements of the sun, moon and planets. Students got the opportunity to learn and see the Dakshino Bhitti Yantra , Shashtansh Yantra , Prakash Yantra , sun dial and the three main celestial coordinate systems: the horizon-zenith local system, the Equatorial system, and the ecliptic system.

The observatory is built of stone and marble with each structure having an engraved astronomical scale. It was a practical learning experience for 72 students of B. A./ B. SC PART I, II and III who learnt about the Earth and its movement.

Pass The Globe

On the first day of the week, a fun Quiz competition, 'Pass the Globe' was organised. As it was the first day, it was started with a warm welcome given by organising team members. Then Ms. Ankita ma'am addressed the students with her words of wisdom and shared her knowledge regarding the week.

She made the students conscious of the aim behind celebrating the week and about the history of the same. She also encouraged the students to be a part of the week.

The quiz was attended by _____ students and participated by _____ students. The winner was Simran Goswami of B.A. Part III.

The aim of the quiz was a play based learning. As the name of the game suggests, participants passed the globe while the music was played, when it paused, the one holding the globe was asked a question. Students who answered correctly were promoted to the next round, and in this way the game continued.

The winner, Simran Goswami, was awarded with a prize by faculty members of geography as she played outstandingly and won the competition.

15th NOVEMBER, 2022

On the second day of the week, a guest lecture was held and it was organised by the organising team under the guidance of faculty members. Mamta Jangir, member of organising team, started the program with warm greetings.

Ms. Ankita ma'am gave a flower pot to the special guest Ms. Mahima Meena, Assistant Professor of S.K.I.T. college, she is a gold medalist in Public Administration and English literature, as a welcome gift she received the flower pot.

Ms. Mahima Meena ma'am communicated with students very pleasantly and kept them engaged for about an hour. She spoke really well on very relatable topics with the help of power point presentation. She talked about various topics like stress, anxiety, self-awareness. She also guided all the students to manage these little obstacles to earn a better life ahead. At the end, ma'am interacted with the students answering their questions.

The session was concluded with a formal note of thanks delivered by Kashish, organising team member. It was overall, an incredible session through which students gained plenty of knowledge.

I-Model Exhibition

On the third day of the Geography Awareness week, organising team members planned a 'model exhibition' and 'Nukkad Naatak'.

Model exhibition was started at 11:30 a.m. in the Geography lab. Students who made models under the guidance of faculty members were ready with their models and presentations. Students and teachers from different Departments visited the lab to look at the models and observe them carefully.

All the models were very admirable and different from each other. The students exhibited physical features, sketches and working models through their presentations.

Visitors were amazed after having glimpse of the exhibition and gave positive feedback. Around 1:30 p.m. the judges entered the lab with our department head Dr. Neelam Bageshwari ma'am and scrutinised each model carefully. They asked questions, related to their models, to the students and gave their final remarks Dr. Neelam ma'am, head of the department.

16th NOVEMBER, 2022

II- Nukkad Naatak

Students of Geography planned a Nukkad naatak and the aim for the same was to spread awareness among the audience about ozone layer depletion because of increasing emission of Carbon Dioxide and Chloro Fluoro Carbons.

Students assembled in library ground around 1 p.m. and performed their naatak very eminently.

Their performance was splendid, within a few seconds they grabbed attention of students as well as teachers. They, very efficiently, delivered the message to save ozone layer and save environment. Their theme was 'Please host, don't pollute'.

Overview

Geography Awareness week was celebrated by the Department of Geography, Kanoria P.O. Mahila Mahavidyalaya from 14th - 18th Nov. 2022. The week was organised by students of geography under the guidance and supervision of faculty members. The Theme was "New Thinking New Possibilities".

Department of Geography celebrates Geography Awareness week every year and the main aim to celebrate the week is to raise awareness about the significance of geography in everyone's life and encourage people to consider

Basically, The aim of "The Fun Quiz" was a play based learning. It was quite successful because students enjoyed a lot.

As the name of the game suggests they passed the globe to each other while the music was played and when it was paused, the one holding the globe was asked a question.

Students who gave correct answer were selected for the next round and the winner game continued till the end.

The winner, Simran Goswami was awarded with a prize by faculty members of Geography as she played outstandingly & won the game.

The quiz session was concluded with formal note of thanks given by the organizing team members.

[Model Exhibition]

On Third day of Geo. Awareness week organising team members planned a 'Model Exhibition' and 'Nukkad Natak'.

Model Exhibition was started at 11:30 a.m. in Geography Lab. Students who made models under the guidance of faculty members were ready with their models & presentations.

Students & Teachers from different departments visited the lab. to look at models and observed them carefully.

All the models were very admirable & different from

Students assembled in library ground around 1 p.m. and performed their Naatak in very eminent way.

Their performance was splendid within few seconds after starting their Naatak they grabbed their attention of students as well as teachers and efficiently delivered the message to 'Save ozone layer and Save Environment' and 'Not pollute the Environment'.

EXTENSION LECTURE AND HANDS ON EXERCISE ON INTRODUCTION TO REMOTE SENSING AND DIGITIZATION OF TOPOSHEETS(QGIS).

The extension lecture was conducted on 04 February , 2023 at 2.00. Dr. Rani Singh :Member INDIAN SOCIETY OF GEOMATICS and Assistant Professor was invited to conduct the technical session. The session began with the formal introduction by Ms. Ankita Gupta. Dr. Neelam Bageshwari Head- Department Of Geography welcomed the guest with a potted plant. The Speaker interacted with the students in a very interesting manner and encouraged them to answer. She diligently delivers the Lecture by illustrating the role of Remote Sensing and GIS. Computer Softwares are helping Geographers to manage the systems in real time , for example location for the construction of dams, making of digital maps etc. The session dealt with the type of data available - Raster and Vector form , Aerial photographs and Satellite Imagery has enabled the process of planning and development for the balanced growth of any region. She initiated queries which encouraged the students to answer. The data is available in True colour and false colour composite which helps in the analysis of the data for further processes. She explained Electromagnetic radiation (EMR) and different wavelengths used in Remote Sensing . The images and photographs then are interpreted with the help of elements - Tone,Location ,Shade,Shadow, Pattern , Texture ,Hue and Association. After a brief session on theory , students were to digitize the toposheet in QGIS Software. Each participant after opening the image in QGIS , georeferenced the toposheet , where they had to mark the coordinate or Ground Control Points (GCPs) to start the process. They prepared the map by using Point, Line and Polygon. Students were very happy to learn and create shape files and the session was a great learning experience for All.

The session concluded with the formal vote of thanks by the Head of the Department -Dr. Neelam Bageshwari.

छात्राओं ने सीखे आपदा से निपटने के गुर

तीन दिवसीय आपदा प्रबंधन पर कार्यशाला का आयोजन

जयपुर, 11 फरवरी (ब्यूरो): तीन दिवसीय वर्कशॉप कम सेमिनार का आयोजन भूगोल विभाग और सेफ्टी प्रोफेशनल एसोसिएशन ऑफ इंडिया के संयुक्त तत्वावधान में आयोजन किया गया। वर्कशॉप कम सेमिनार का विषय, डिजास्टर मैनेजमेंट प्रिपेरेडनेस एंड मिटिगेशन रहा। इस वर्कशॉप कम सेमिनार का उद्देश्य छात्राओं को आपदा प्रबंधन के संदर्भ में जागरूक बनाना और भविष्य में किसी भी आपदा के लिए तैयार रहना।

उद्घाटन सत्र मुख्य अतिथि एके सिंह, नेशनल प्रेसिडेंट एसपीआई के स्वागत के साथ आरंभ हुआ। उद्घाटन सत्र में उप प्राचार्य डॉ. रत्ना स्वसेना (विज्ञान) की ओर से पौधा भेंट कर की गई। कार्यक्रम की शुरुआत में डॉ. नीलम बागेश्वरी (विभागाध्यक्ष) ने आपदा प्रबंधन विषय से संबंधित जानकारी छात्राओं को दी और कार्यशाला के बारे में विस्तृत रूप से बताया। स्वागत उद्घोषण में उप प्राचार्य डॉ. दीप्तिमा शुक्ला

जयपुर: छात्राओं को आपदा से निपटने के गुर सिखाते हुए।

(कला) ने कार्यशाला के आयोजन को वर्तमान समय में तर्कसंगत बताया और अपने विचार प्रस्तुत किए। प्रमुख वक्ता प्रोफेसर एके सिंह ने प्रतिभागियों का मनोबल बढ़ाया और विषय से संबंधित अपना व्याख्यान दिया, जिसमें उन्होंने आपदा क्या होती है, कितने प्रकार की होती हैं और उसका प्रबंधन किस प्रकार किया जा सकता है। जीवन से जुड़ी

गतिविधियों से होने वाली आपदाओं से बचने के लिए तत्काल रेस्क्यू ऑपरेशन कर प्रभाव को कितने प्रकार कम किया जाए। कार्यशाला के दूसरे दिन फर्स्ट एड एंड रेस्क्यू मेसर्स विषय पर मुख्य अतिथि के रूप में विजय सिंह नरूका (ट्रेनिंग इंस्ट्रक्टर, राजस्थान सरकार, सेवानिवृत्त भारतीय नौसेना वरिष्ठ आयुक्त) ने छात्राओं का उत्साहवर्धन

किया। छात्राओं को प्राथमिक उपचार के बारे में बताया और साथ ही व्यवहारिक तौर पर गतिविधियों से जुड़कर सीखा। शनिवार को संबंधित विषय विशेषज्ञ विजय सिंह नरूका ने फायर सेफ्टी और फायर फाइटिंग के विषय में छात्राओं को अंतर संवाद गतिविधियों की ओर से छात्राओं को ट्रेनिंग दी साथ ही अग्निशमन के लिए (मॉक ड्रिल) भी करवाई गई।

16 JULY 2022

Keeping the spirit of corporate social responsibility, on July 16 2022, Department of Political science and Department of Psychology of Kanoria Pg Mahila Mahavidyalaya in association with Department of Botany, University of Rajasthan organized a tree plantation programme. At 1:00pm all the students and professors of all the three department went to the university premises and the activity started with a warm welcome of our chief guests and then the professors, students and help staff actively participated in the activity.

We had planted various type of plants some of them being *Mangifera indica*, *syzygium cumini*, *azadirachta indica*, *ficus benghalensis*, *millettia pinnata*, *saraca asoca*, *bauhinia variegata*, *royal poinciana*. Our help staff taught us how to plant trees and then they watered the plants. There was a photo session while planting the trees of students and professors. Professors help the students in planting the trees taught the uses of each and every plant. Every step of plant sapling was appreciated by the faculty members and the programme was end with a great celebration.

Subject- Invitation as a Guest Speaker.

Respected Madam,

Kanoria PG Mahila Mahavidyalaya was established with an aim to develop a passion for learning among young women of Rajasthan. Our college idealizes education for women as a passport to the future, for tomorrow belongs to those who prepare for it today.

We are pleased to share that the **Wellness Club** and the **Department of Psychology** of the college is organizing a Talk on '**How to deal with depression, anxiety and day to day stress?**' on **10th October, 2022** at 10 am in Department of Psychology. We would like to invite you as a **Guest Speaker** for the same.

It would be our pleasure to have an eminent personality like you amidst us and we are certain that this talk would be highly beneficial for our students.

Looking forward to your gracious presence.

Thanking you,

Sub. :- Student visit to Shakti Stambh and Family Cell of RUWA.

Respected Madam,

Our students wish to visit your prestigious institution RUWA on 14-12-2022. This would be an exposure to the real life application on Psychological Counselling.

You have been generous in past years allowing us. Kindly allow us for this year too.

Thanking you,

Yours truly,

RUWA (Rajasthan university women Association) visit

Date - 14-12-2022

Place -

Place - Raja Park, Jaipur

By - Chhavi Chadda

The students of Kanoria P.G. Mahila Mahavidyalaya, Department of Psychology have organised a visit to RUWA on 14th December - 2022.

The students and faculty members were warmly welcomed by Dr. Rakhi Jain mam (Director - RUWA). She had pleasantly talked to everyone and introduced the currently working units of RUWA. She also told that the members working over there are either professors from Rajasthan university or affiliated colleges, and student members are also working for RUWA.

There are currently four working units in RUWA -

- ① Family Counselling Centre (FCC)
- ② Helpline Centre
- ③ शक्ति - एन-ए - Currently एन-ए से
- ④ Legal cell.

The FCC works for counselling of women and their family members, they try to know the problems closely and counsel them. The helpline centre is open 24 hours. They also have a helpline number, if anybody wants to reach them out. In सुदहते - सुहा, the women and their children (boys below the age of 12) can stay for 2 years. They also give skill training to women to make them self-dependent. Every Friday

It is a legal day, where all the legal meetings are held. There are two counsellors in FCC who also acknowledged students about some recent cases (Sapna, Rohiya & Shindey mam).

बुधवार 14 दिसम्बर 2022 को महाविद्यालय के मनेविज्ञान विभाग द्वारा एक शैक्षिक दौरे पर राजा पार्क स्थित राजस्थान विश्वविद्यालय द्वारा संचालित संगठन RUWA (सुवा) ले जाया गया जहाँ छात्राओं ने सुवा की कई शाखाओं और दैनिक कार्य के बारे में जाना। ~~सुवा~~ से संस्थान में अध्यक्ष डा कोकिल जैन ने छात्राओं को सुवा की विविध गतिविधियों से अवगत करवाया।
