Field Trip to Science Park, Jaipur

Report

A field trip to Science Park, Shastri Nagar, Jaipur was organised for the students majoring in Physics by the Department of Physics of Kanoria P.G. Mahila Mahavidyalaya on August 6, 2022.

A total of 37 students, 25 from M.Sc. Physics Semester I and 12 from Semester IV and 7 members of teaching staff paid the visit.

The bus departed around 9:30 am for the venue and reached there around 10:00 am safely. The students were divided into two groups of 20 each. Each group was accompanied by the teaching staff.

From the 3D movie, the students were led to the biomedical department to visit and to become aware and gain knowledge about the Ancient Medical Science and also about the Human Anatomy. Then the students were led to the Physics experiment department to witness the various experiments based on basic Physics. The guides assigned to each group in each department taught about the basics of the experiments and how they work. Then we were led to the Astronomical Department, where the origin of the universe as well as numerous amazing phenomena were being told.

Completing the visits to various departments, groups were led to the other wing to enjoy the Digital Taramandal show.

The Taramandal show was displayed through a projector in an isolated dark room, where we were made aware about the surroundings of our earth and many more.

Completing all the assigned activities both groups were merged together again and the group paved to the park area where everyone one enjoyed the various Physics based swings and had a relaxing time doing fun activities.

Finally, the trip came to an end and we all departed from the venue around 2:30 pm.

Brief Report on Birth Anniversary of Dr. A.P.J. Abdul Kalam

Name of the Organizer- Dr. Deepti Chauhan
Date & Time – 15th October, 10:00 am onwards
Venue- College Auditorium
Mode: Offline

To simulate the flow of ideas, nurture the inquisitive minds and unleashing the creativity of the students to think out of the box, a -“**Physics Quiz and Poster Making Competitions**” were organized by Department of Physics on the occasion of Birth Anniversary of Dr. A.P.J. Abdul Kalam. The topic for the Poster making competition was “**Wireless Life In Current Scenario**”. The posters were judged by Dr. Neeru Razdan, Head, Department of Chemistry, Kanoria PG Mahila Mahavidyalaya, Jaipur, and Dr. Nidhi Gupta, Associate Professor, Department of Chemistry, Kanoria PG Mahila Mahavidyalaya, Jaipur. Total 15 teams in a group of four and 80 participants participated in the Physics Quiz and Poster Making competition respectively.

Results of the Competitions are as follows:

Guest Lecture

Session (2022-23)

“Introduction to linear Accelerator and Career & Prospectus in BARC”

An extension lecture on “Introduction to linear Accelerator and Career & Prospectus in BARC” was held by the Department of Physics on 7 November 2022. Mr. Sumit Garg, who is currently working as Scientific officer (E), BARC was the eminent speaker for the lecture. The program was initiated by Dr. Harsha Sharma by delivering brief introduction about eminent speaker. After that floral welcome was done by Dr. Usha Bhatia, Head of the department. Total 127 students of B.Sc, M.Sc (physics), M.Sc (Chemistry), M.Sc (Maths) attended the lecture. Mr. Sumit Garg, gave information about linear accelerator and realisation of Force, Energy, and Atom. He beautifully connected educational part to spirituality. He also provides the knowledge about the career opportunities for B.Sc and M.Sc students in BARC.

M.Sc. SEM-III PPT Presentations Report

Date: December 5-6, 2022

Time: 10:00 am to 1:00 pm

Room No.: M.Sc. Physics Laboratory

Objectives:

The main objective of PowerPoint Presentation is to present you in front of the audience with confidence. A particular topic is elaborated in a very interactive and creative manner by adding pictures, graphics, text, and videos in PowerPoint presentations slides. Such presentations prepare the students for their future prospects referring to various fields like education, business etc.

Learning Outcome:

By the end of the PPT Presentations, students will be able to Deal with nerves and think more positively about public speaking. They present their PPT Slides taking into consideration various key points like grabbing the listener's attention, holding their interest, and concluding strongly along with the use of body language and tone of voice to enhance their presentations.

Report:

A PPT presentation was organized by the Department of Physics on Microwave, Solid and Nuclear Physics laboratory experiments for M.Sc. Semester-III students on December 5-6, 2022. The activity provided a platform to the students to enhance their knowledge and communication skills about the topic. Students enthusiastically participated and presented their PPT in a group of 5 students on the allotted topic. The presentation was highly appreciated and student's grabbed this opportunity by taking it as a chance to expand their knowledge in the topic by asking queries.

Students took this platform to enhance their communication skills via giving the presentation as they felt enough increment in confidence. Students submitted their positive feedback for this activity. They learnt a lot of things like how to present a

topic effectively in front of the audience and replying the questions put up by using the presence of mind.

As well this platform made them enable to be enough confident to present in front of the audience.

 - ★ May get opportunity to attend one week EXPERIMENTAL PHYSICS WORKSHOP organized by IAPT AT KOLKATA (Regional Council - 15). TA is paid.
 - ★ Top 5 to 10 students of B.Sc. First year (of University 3Yr System) shall be eligible to participate in prestigious NATIONAL INITIATIVE FOR UNDERGRADUATE SCIENCE [NIUS] program of Homi Bhabha Center for Science Education, TIFR, Mumbai. [This is A Govt. of India, DAE Program organized at Mumbai].
 - ★ Top 20 students of B.Sc. I appearing in NGPE-2023 may get an opportunity for two weeks Academic Workshop on Basic Physics at IIT Guwahati [Preferably for those from University 3-yr B.Sc. System]
 - ★ Some more programmes for toppers may be declared later.

An extension lecture on "Cosmology"

(Exploring the Universe)

An extension lecture on "Cosmology (Exploring the Universe)" was conducted on January 27, 2023 by physics department for UG & PG students. Dr. Akhilesh Nautiyal, Assistant Professor, MNIT, Jaipur was the eminent speaker for the lecture. He acknowledged about the basics and fundamental theory of cosmology and discussed on starting and formatting of universe. He also put light on the dark matter, dark age and dark energy. Sir, also explained that how students explore themselves in the field of cosmology. A total of 68 students of UG & PG were attend the lecture.

NOTICE

Date: 15.02.2023

In order to enhance teaching and research competencies, peer interchange is a necessary and significant component. Teachers have the chance to internalise their learning into a strong basis for examining their self-worth through in-depth dialogues and reflection. Through one-on-one interaction and experience exchange, teachers have the opportunity for in-depth discussions on classroom challenges, teaching and resource development. Considering benefits of such discussions, the Department is conceptualizing a Faculty Development Program (FDP) on the aspect of UG/PG laboratory for its faculty members during Feb.16-23, 2023.

The schedule of the program will be following:

Date	Time	Resource Person	Topic of discussion
16.02.2023	10:30 AM to 01:30 PM	1. Dr. Sumita Shekhawat 2. Dr. Rekha Prajapat	Understanding Microwaves through laboratory experiments- I
17.02.2023		Dr. J.S. Saini (Former Associate Professor, UOR, Jaipur)	Understanding Microwaves through laboratory experiments- II
20.02.2023		1. Dr. Sarla Sharma 2. Dr. Deepti Chauhan 3. Ms. Richa Sharma 4. Dr. Manisha Kumari 5. Ms. Pooja Singhal	Polarization, Maxwell Needle Band Gap, PN Diode Lee's Method, Young's modulus Rectifier Magnetic field variation(TG)
21.02.2023		1. Dr. Harsha Sharma 2. Ms. Saisandri 3. Dr. Sumita Shekhawat 4. Dr. Rekha Prajapat 5. Sheela Sahu	Photo cell Anderson Bridge Platinum Thermometer, Carey Foster's experiment Zener Diode, Solar cell Random decay, RC with AC

Faculty Development Program
(16th - 23rd February, 2023)

Report

A faculty development program was organized from 16th -23rd February, 2023 by the Department of Physics. This was a six-day Faculty Development Program where various related topics on Experiments were discussed in detail by faculty members and a very beneficial academic environment was experienced by the participants.

The FDP was started on 16th February, 2023 with the discussion of "Understanding of Microwaves through Laboratory Experiments". The first session was taken by Dr. Sumita Shekhawat discussing the fundamentals of Microwaves. She also discussed the various frequency bands, microwave components like Isolator, Circulator, Frequency meter, Slotted Section etc. and the working of regarding the same. There was exchange of ideas on the operation of components. The lecture was very beneficial and provided an insight on the various microwave components used in microwave bench. In second session Dr. Rekha Prajapat discussed about the Klystron Tube. It was also discussed the waveguide and its various types followed by the working and principle of operation of Klystron Tube in Microwave bench.

On second day, the guest speaker was Dr. J.S. Saini, Former Associate Professor, University of Rajasthan, Jaipur. Dr. J.S. Saini enlightened the faculty members about the operation of Microwave Bench. Various key points were discussed in detail over the session of the day. Various methods and precautions to be taken care during the performance of microwave experiments were elaborated. Dr. Saini cited the experimental bench to make the attainment of the practical skills very clear.

On third day, there were five sessions, which were addressed by departmental faculty members. Dr. Sarla Sharma mainly talked about the Polarization of Light. The next session was taken by Dr. Deepti Chauhan on PN Junction Diode in which she gave the highlights of some specific features of Diode. Ms. Richa Sharma explained about the Lee's Method. Rectifiers were discussed by Dr. Manisha Kumara followed by the discussion on fundamentals of Tangent Galvanometer by Ms. Pooja Singhal.

On the fourth day, UG Experiments like Photo Cell, Platinum Resistance Thermometer, Solar Cell, RC with AC were discussed in detail in order to enhance teaching and research competencies by Dr. Harsha Sharma, Ms. Richa Sharma, Dr. Rekha Prajapat and Ms. Sheela respectively.

On fifth day, there was a discussion on Faraday's Law, Operational Amplifier, Stefan's Constant, G to V and G to A.

The final day started off with a very informative session on Diffraction Grating by Dr. Sarla Sharma. Her talk was based on the phenomenon of diffraction and fundamentals of grating. Dr. Harsha Sharma talked about the Newton's Ring Experiment. Thereafter, Dr. Deepti Chauhan gave a detailed talk about the Charging and Discharging Experiment. This was followed by the discussion on Voltage Multiplier and Maximum Power transfer theorem by Dr. Manisha Kumari and Ms. Richa Sharma. This led to the end of the series of lectures in the six days' program.

Overall the entire program was an insightful one and briefed everyone with fundamentals, be it of experimental or theoretical. A genuine effort towards the experimental knowledge of all that was explained would be beneficial for each of the faculty.

Report on Gender Studies: What, When and How

Centre for Gender Studies and Department of Sociology Kanoria PG Mahila Mahavidyalaya, jointly organised a guest lecture on "Gender Studies: What, When and How" on 22nd September 2022. Dr. Inakshi Chaturvedi, Retired Professor Department of Political Science, University of Rajasthan, was invited as guest speaker for enhancing knowledge of gender studies. Her lecture focussed on understanding the concept of gender equality and how it might be applicable in society. She believes that empowering men and women, not just talking about it, is one of the best ways to promote equality. She stated that education is the strongest motivation to engage and continue to work towards achieving equality for everyone. She also explained that "gender equality is necessary to achieve social, political and economic development goal." She made the participants aware about the importance of women in society in the ancient and present era and how women have succeeded in various fields. She discussed different cases which took place in the past and how the Supreme Court and High Court gave the judgement in the favour of women for their safety and prestige. Women are the foundation in the creation of society and they must not be underrated. Dr. Inakshi Chaturvedi also shared opinions given by some well known experts on women empowerment and it's important in bringing equality of gender and its usefulness. More than 130 participants had attended the session. The session was interactive and very useful for attendees. Dr. Sweety Mathur Assistant Professor Department of Sociology and convener of Centre for Gender Studies delivered a vote of thanks.
