## Report

Dept of English organised a twelve-day workshop on Communication Skills from 15 to 29 July 2022. The workshop was designed to enhance communication skills by focusing on the improvement of everyday English.

The aim was to train the participants to effectively communicate in a professional setting. Dr Charu Goyal, Dr. Swatti Dhanwni, and Dr. Preeti Sharma of the department trained the participants to speak and construct simple sentences of everyday use in English. The participants were encouraged to actively engage in the learning process, with an emphasis on practical application and hands-on exercises. Participants were also trained to write applications, reports and emails. Overall, the workshop served as a valuable platform to refine language and communication skills, and to develop a more polished and professional approach to communication. A total of 30 members of the non-teaching staff participated in this workshop.

KANORIA PG MAHILA MAHAVIDYALAYA, JAIPUR

DEPARTMENT OF ENGLISH

*Certificate*

This is to certify that

-----  
participated in Twelve-Day Workshop on

**Communication Skills**

from July 15, 2022- July 28, 2022.

## Report of 7 day Faculty Development Program

(25.07.2022 to 01.08.2022)

To mark the beginning of new academic session of 2022-23, The Teaching Learning Centre of Kanoria PG Mahila Mahavidyalaya, Jaipur organised a 7 day faculty development program from 25th July 2022 to 1st August 2022.

The program started with the inaugural address by Principal madam Dr. Seema Agrawal, stressing upon the importance of writing research papers. Dr. Neekee Chaturvedi, Associate Professor, Department of History, university of Rajasthan, Jaipur presented the lecture about Journal Article writing, elaborating the various tools, structure & subject of research paper.

On the second day, Dr. Tanjul Saxena conducted an insightful and thought provoking session on professional ethics stressing the importance of being ethical in the academic space and advised to give due credits to the sources while preparing and presenting research papers.

Day 3 of FDP was conducted on "Suggested Modifications in the current curriculum : A Comparative study" wherein 7 departments from Arts stream gave recommendations for changes to be made in the present curriculum for attaining better learning outcomes by comparing the curriculum of university of Rajasthan with 10 different universities. The fourth day witnessed the participation of faculties for the comparative curriculum analysis by the different departments of commerce, BCA, Environmental science and botany. Day 5 also witnessed the curriculum comparison by departments of public Administration, chemistry, geography and different other departments. Overall in these 3 days a detailed comparative analysis of the curriculum was done and recommendations for the betterment of courses have been suggested by the faculty members for consideration by the respective BOS in the university of Rajasthan. On Day 6 feedback and open discussion on the various contemporary issues in academic development of faculty members was conducted. On the last day of the FDP, vice-principals Dr. Ratna Saxena, Dr. Deeptima Shukla and Dr. Ranjula jain talked about the importance of various discourses and objectives of FDP elaborating on the importance of dedication, honesty and discussion as the main pillars for teaching profession.

The last day of the FDP was also important as it saw the unveiling of the new college blog by our honorable Director, Dr. Rashmi Chaturvedi. The blog shall be active under the name "Voice Your Choice" as an attempt to represent the voice of Kanoria family. The theme for this year would be "Between the covers" which will include the voices of faculty and students on various books read by them. The session ended with a formal vote of thanks. A total of 91 members attended and benefitted from this FDP.

## About the College

Mahila Mahavidyalaya was established on 19th July 1965, as a grant in aid scheme of the Government with UGC Status 2F/128 by Late Bhagirath Ji Kanoria, with an aim to develop a passion for learning among young women of Rajasthan. The college is affiliated to University of Rajasthan, Jaipur. From the session 1993-94, the college began with PG courses and was renamed as Kanoria PG Mahila Mahavidyalaya. The college exists in the aesthetic environs of Jawahar Lal Nehru Marg as the first institution of higher education for women through grant-in-aid from Government of Rajasthan. Later in the Year 2012 the Government of Rajasthan suspended the Grant-in-aid scheme which made the college self-financed Institute. Moving forward in its 57 years of luminous journey, the college has emerged as one of the leading institution not only in Jaipur but also in the State of Rajasthan. With a view to impart education the college aims at disseminating not only knowledge and facts but also emphasizing on value based holistic development. Earning a prestigious reputation of harnessing a progressive outlook towards education, the college has introduced new courses at Undergraduate (UG) and Postgraduate (PG) levels from time to time along with the skill development and career oriented courses.

The college perceives education as the means of developing one's greatest abilities, because in each person there is an aspiring dream and hope which, when fulfilled, can be transformed, benefiting the society, and strengthening the Nation. Keeping this in view, college offers 11 programmes at UG and 14 programmes at PG level in Arts, Science, Commerce, Fine Arts, Computers, Bio Technology, Business Administration, Fashion Designing, Media and Entertainment (with internal choices in every stream) etc. College had a humble beginning with number of 65 Students in 1965 and has now grown into an institution with more than 6000 students, 142 teaching staff members and 100 support staff members. In addition to the regular programmes, Diploma and Certificate Courses are also running successfully in the college.

The state-of-art infrastructure and facilities available on campus are amongst the best. It is a wholly self-contained campus comprising of everything that students on campus would ever require. The spirit of learning depends on the atmosphere built up around the campus, the zeal carried by the teachers and imparted through facilities like library, rich in quality books including e-resources, well maintained laboratories, excellent equipment, spacious seminar rooms, auditorium, study halls, creativity zone, with additional facilities like gymnasium, swimming pool, cafeteria, playground, parking, crèche and nursery. A well-maintained hostel is also in the college campus with a capacity to accommodate 350 students. College is religiously determined to keep in pace with the environmental sustainability and thus has a large solar system for energy conservation, rainwater harvesting structures, composting pits, decomposing machine for waste management etc.

College idealizes education as a passport to the future, for tomorrow belongs to those who prepare for it today. Therefore, institution has exceptional brigade of alumni representing the legacy of knowledge and values gained from their journey as college students.

## About the FDP

In terms of rights, opportunities, and freedoms, social justice is concerned with gender equality in education. For sustainable growth, for peaceful societies, and for the well-being of the individual, gender equality in education is essential. Gender equality in education continues to be a top concern for governments, civil society, and multilateral organisations at the local, national, and international levels. The global community is committed to attaining gender equality (Goal 5) and high-quality education (Goal 4) by 2030 under the United Nations Sustainable Development Goals and the 2020-2030 Decade of Action. The severe effects of the Covid-19 pandemic, which have exposed, aggravated, and produced new types of intersecting inequities and injustices related to gender and education, have increased the necessity for gender equality in education.

Millions of children have been kept out of school as a result of school closures; many of these kids may never go back, especially the poorest and most marginalised girls. The pandemic's consequences increase the difficulty of establishing gender equality in education and the complexity of assessing progress in that direction. It is crucial to have open and honest dialogues about gender and other intersecting disparities in education as we continue to create and expand our response, recovery, and sustainability initiatives to rebuild better.

This FDP aims to delve deep in such concerns. It is crucial to have open and honest dialogues about gender and other intersecting disparities in education as we continue to create and expand our response, recovery, and sustainability initiatives to rebuild better

### Organising Committee:

#### Chief Patron:

Dr. Rashmi Chaturvedi (Director)

#### Patron:

Dr. Seema Agrawal (Principal)

#### Convenor:

Dr. Deeptima Shukla (Vice Principal)

#### Organising Team:

Dr. Manisha Mathur  
Dr. Neelam Bageshwari  
Dr. Prabha Bajaj  
Dr. Sarika Kaul  
Dr. Charu Goyal  
Dr. Sheetabh Sharma  
Ms. Vijaylakshmi Gupta  
Dr. Richa Chaturvedi  
Dr. Sweety Mathur

- Dr. Neelam Bageshwari
- Dr. Prabha Bajaj
- Dr. Sarika Kaul
- Dr. Charu Goyal
- Dr. Sheetabh Sharma
- Ms. Vijaylaxmi Gupta
- Dr. Richa Chaturvedi
- Dr. Sweety Mathur
- Dr. Suman Dhanaka
- Ms. Mahima Ramchandani

### Participant Registration and Certificates Committee

- Dr. Palu Joshi
- Ms. Aayushi Soral
- Ms. Parul Sharma

### Resource Persons' Invitation/Remuneration/ Certificate/Feedback Committee

- Dr. Charu Goyal
- Ms. Ankita Gupta
- Ms. Sheelu
- Ms. Sehal Jain

### Committee for Participants Feedback Form

- Dr. Prerna Singh Lavania
- Ms. Rishita Sharma
- Dr. Renu Shaktawat

### Test Making and Link Sharing Committee

- Dr. Manisha Mathur
- Ms. Poorva Bhardawaj
- Ms. Priyanka Agrawal

### IT Management

- Dr. Manisha Mathur
- Dr. Charu Goyal
- Dr. Prema Singh Lavania
- Dr. Palu Joshi
- Ms. Rishita Sharma
- Ms. Sehal Jain
- Ms. Aayushi Soral
- Ms. Parul Sharma
- Mr. Dileep Karol

### Report Writing Committee

- Dr. Dharma Yadav
- Ms. Manvi Mehta
- Dr. Leena Kumari
- Dr. Shuchi Chaudhary

### Moderator- Day-1

- Dr. Prerna Singh Lavania

### Vote of Thanks- Day-1

- Dr. Manisha Mathur

### Moderator- Day-2

- Ms. Rishita Sharma

### Vote of Thanks- Day-2

- Dr. Sarika Kaul

### Moderator- Day-3

- Dr. Neelam Bageshwari

### Vote of Thanks- Day-3

- Dr. Charu Goyal

### Moderator- Day-4

- Dr. Suman Dhanaka

# VIRTUAL FACULTY DEVELOPMENT PROGRAMME

Education is a human right, a civil right, and an economic imperative and to understand the importance of education and its role, especially in gender equality, an Online One Week Faculty Development Program from 10-16 October, 2022 was organized by the Faculty of Humanities and Social Sciences, on the topic "Education as an Equalizer: Its Evolution and Relevance in Gender Equality".

The FDP commenced with a welcome address by Principal Dr. Seema Agrawal. The Convenor of the FDP, Vice Principal Dr. Deeptima Shukla welcomed everyone and talked about the relevance of Education in Gender Equality. Quoting Amartya Sen, an introduction to the FDP was given by Dr. Palu Joshi.

The theme of day 1 was the 'Evolution of Education' and the speaker for the inaugural address was Dr. Namrata Singh, Associate Professor, Department of Political Science, Miranda House, University of Delhi. She enlightened everyone by tracing the evolution of education by differentiating the concepts of knowledge and education and how in modern times the role of the teacher is that of an Agile Educator who empowers the learners. She presented her ideas by making a comparison of the role of parents, educators and society in ancient and modern times. The session was attended by more than a hundred participants and the vote of thanks was delivered by Dr. Manisha Mathur, Assistant Professor, Department of Public Administration.

The theme of day 2 was 'Education as Social Equalizer'. Vice-Principal, Dr. Ratna Saxena welcomed and addressed the gathering with her motivational words. The speaker Professor Rashmi Jain, Head, Department of Sociology, University of Rajasthan commenced her talk by making the participants aware of the difference between Equality and Equity. Equality means each individual or group of people is given the same resources or opportunities. Equity recognizes that each person has different circumstances and allocates the exact resources and opportunities needed to reach an equal outcome. Ms Vijay Laxmi Gupta delivered the vote of thanks on the successful completion of the session.

Vice Principal, Dr. Sarla Sharma welcomed the speaker and the other participants on the third day of the session. Sehal Jain, Assistant Professor, Department of Political Science, introduced the topic 'Leveraging Education as a Tool to Gender Equality'. The speaker Dr Urmi Satyam, Assistant Professor, School of Liberal Studies, Pandit Deen Dayal Energy University, Gujarat, commenced the session by thanking the convenor. She talked about Article 14 of the Constitution of India, which is 'Equality before the law'. She highlighted three phases of feminism, 'Liberal feminism, Socialist feminism, and Radical feminism'. She concluded the session by saying that we, as academicians, can bring change in society. It is our duty as academicians to work for gender equality, as charity begins at home. Dr Charu Goyal, Associate Professor, Department of English, delivered the vote of thanks.

The theme of day four was 'Education as a Pathway to Gender Equality' which was introduced by Ms Poorva Bhardawaj Assistant Professor, Department of Political Science. The welcome address was given by Dr. Ranjula Jain, Vice Principal (College Development).

The speaker for the session was Dr. Aarti Joshi, Director, School of Management,

R. K. University, Rajkot, Gujarat encouraged all participants to attend with a 'beginner's mind' a clean slate. The focus of the session was to provoke the thought of whether we are teaching our sons what we are teaching our daughters and that acceptance and respect are to be taught right from childhood. The points were ably conveyed with the help of various ad campaigns by Vogue, Ariel, and Flipkart, which she incorporated in her presentation. Vote of thanks was given by Dr. Sheetabh Sharma, Assistant Professor, Department of Hindi.

The theme of day 5 was 'Enhancing Quality Education as a Tool for Gender Equality'. The welcome address was delivered by Dr. Ranjana Agarwal, Associate Professor, Department of Zoology. The speaker of the session Professor Preeti Oza, Department of English Literature, St. Andrew's College of Arts, Science and Commerce, University of Mumbai, Maharashtra discussed the link between quality education and gender. She also discussed educational goals that will contribute to quality education. At last National Education Policy was discussed in brief. Vote of thanks was given by Dr. Sarika Kaul, Assistant Professor, Department of Drawing and Painting.

'Role of Education in Gender Equality in India' was the theme of Day 6 of the FDP. The gathering was welcomed by Ms. Vijay Laxmi Gupta, Assistant Professor, Department of Economics. An introduction to the theme was given by Dr. Prerna Singh Lavania, Assistant Professor, Department of Political Science. The speaker Dr. Sumita Shroff, Assistant Professor, Institute of commerce, Nirma University Ahmedabad, Gujarat started the session with activities to understand gender equality. After both the activities, a small UNICEF video was played to understand the level of education being given to the girls worldwide. The session concluded with the observations and remarks of the Convenor and Vice Principal, Dr. Deeptima Shukla. She congratulated everyone for their active participation. Vote of thanks was given by Dr. Sweety Mathur, Assistant Professor, Department of Sociology.

The successful conclusion of Faculty Development Programme was reflected in the enthusiasm of the participants as they actively took an online test on day Seven which was designed to gauge their awareness regarding the themes that were discussed.

Ms. Manvi Mehta  
Dr. Shuchi Chowdhary  
Dr. Leena Kumari

# Kanoria P.G. Mahila Mahavidyalaya

Gandhi Circle, J.L.N. Marg, Jaipur, Rajasthan

## *Certificate of Participation*

This certificate declares that

**Dr. AANCHAL PURI**

**Assistant Professor**

Department of Physics

## NOTICE

Date: 15.02.2023

In order to enhance teaching and research competencies, peer interchange is a necessary and significant component. Teachers have the chance to internalise their learning into a strong basis for examining their self-worth through in-depth dialogues and reflection. Through one-on-one interaction and experience exchange, teachers have the opportunity for in-depth discussions on classroom challenges, teaching and resource development. Considering benefits of such discussions, the Department is conceptualizing a Faculty Development Program (FDP) on the aspect of UG/PG laboratory for its faculty members during Feb.16-23, 2023.

The schedule of the program will be following:

Date	Time	Resource Person	Topic of discussion
16.02.2023	10:30 AM to 01:30 PM	1. Dr. Sumita Shekhawat 2. Dr. Rekha Prajapat	Understanding Microwaves through laboratory experiments-I
17.02.2023		Dr. J.S. Saini (Former Associate Professor, UOR, Jaipur)	Understanding Microwaves through laboratory experiments-II
20.02.2023		1. Dr. Sarla Sharma 2. Dr. Deepti Chauhan 3. Ms. Richa Sharma 4. Dr. Manisha Kumari 5. Ms. Pooja Singhal	Polarization, Maxwell Needle Band Gap, PN Diode Lee's Method, Young's modulus Rectifier Magnetic field variation(TG)
21.02.2023		1. Dr. Harsha Sharma 2. Ms. Saisandri 3. Dr. Sumita Shekhawat 4. Dr. Rekha Prajapat 5. Sheela Sahu	Photo cell Anderson Bridge Platinum Thermometer, Carey foster's experiment Zener Diode, Solar cell Random decay, RC with AC
22.02.2023		1. Ms. Pooja Singhal 2. Ms. Saisandri Saini 3. Dr. Rekha Prajapat 4. Dr. Manisha Kumari 5. Dr. Sumita Shekhawat	Faraday's Law, Searl's experiment Operational -Amplifier Stefan constant Field Effect Transistor, Logic Gate G to A and G to V
23.02.2023		1. Dr. Sarla Sharma 2. Dr. Harsha Sharma 3. Dr. Deepti Chauhan 4. Dr. Manisha Kumari 5. Ms. Richa Sharma	Diffraction grating, Dispersive power of prism Newton's Ring Experiment Charging & Discharging, Clement's method Voltage Multiplier Maximum power transfer theorem

(Head, Department of Physics)

Department of Physics

Faculty Development Program  
(16<sup>th</sup> - 23<sup>rd</sup> February, 2023)

Report

A faculty development program was organized from 16<sup>th</sup> -23<sup>rd</sup> February, 2023 by the Department of Physics. This was a six-day Faculty Development Program where various related topics on Experiments were discussed in detail by faculty members and a very beneficial academic environment was experienced by the participants.

The FDP was started on 16<sup>th</sup> February, 2023 with the discussion of "Understanding of Microwaves through Laboratory Experiments". The first session was taken by Dr. Sumita Shekhawat discussing the fundamentals of Microwaves. She also discussed the various frequency bands, microwave components like Isolator, Circulator, Frequency meter, Slotted Section etc. and the working of regarding the same. There was exchange of ideas on the operation of components. The lecture was very beneficial and provided an insight on the various microwave components used in microwave bench. In second session Dr. Rekha Prajapat discussed about the Klystron Tube. It was also discussed the waveguide and its various types followed by the working and principle of operation of Klystron Tube in Microwave bench.

On second day, the guest speaker was Dr. J.S. Saini, Former Associate Professor, University of Rajasthan, Jaipur. Dr. J.S. Saini enlightened the faculty members about the operation of Microwave Bench. Various key points were discussed in detail over the session of the day. Various methods and precautions to be taken care during the performance of microwave experiments were elaborated. Dr. Saini cited the experimental bench to make the attainment of the practical skills very clear.

On third day, there were five sessions, which were addressed by departmental faculty members. Dr. Sarla Sharma mainly talked about the Polarization of Light. The next session was taken by Dr. Deepti Chauhan on PN Junction Diode in which she gave the highlights of some specific features of Diode. Ms. Richa Sharma explained about the Lee's Method. Rectifiers were discussed by Dr. Manisha Kumara followed by the discussion on fundamentals of Tangent Galvanometer by Ms. Pooja Singhal.

On the fourth day, UG Experiments like Photo Cell, Platinum Resistance Thermometer, Solar Cell, RC with AC were discussed in detail in order to enhance teaching and research competencies by Dr. Harsha Sharma, Ms. Richa Sharma, Dr. Rekha Prajapat and Ms. Sheela respectively.

On fifth day, there was a discussion on Faraday's Law, Operational Amplifier, Stefan's Constant, G to V and G to A.

The final day started off with a very informative session on Diffraction Grating by Dr. Sarla Sharma. Her talk was based on the phenomenon of diffraction and fundamentals of grating. Dr. Harsha Sharma talked about the Newton's Ring Experiment. Thereafter, Dr. Deepti Chauhan gave a detailed talk about the Charging and Discharging Experiment. This was followed by the discussion on Voltage Multiplier and Maximum Power transfer theorem by Dr. Manisha Kumari and Ms. Richa Sharma. This led to the end of the series of lectures in the six days' program.

Overall the entire program was an insightful one and briefed everyone with fundamentals, be it of experimental or theoretical. A genuine effort towards the experimental knowledge of all that was explained would be beneficial for each of the faculty.

To determine Planck's Constant using Solar Cell

Planck Constant  $h = 6.626 \times 10^{-34} \text{ J s}$  Electric  $\rightarrow$  Tungsten filament

$\lambda_{peak} = \frac{2.821 kT}{h}$   $\phi \propto I_0(T)$

$T = 2000 \text{ K}$

$\lambda_{peak} = 477 \text{ nm}$

$\lambda = 0.833 \mu\text{m}$

$B \neq B_0 \exp\left(-\frac{hc}{\lambda kT}\right)$

$\lambda \cdot \log_e B \cdot \log_e B = \frac{hc}{\lambda kT}$

$\log_e B \cdot \log_e B = \frac{hc}{2.303 \lambda kT} \log_{10} B$

$m = \frac{hc}{2.303 \lambda k}$

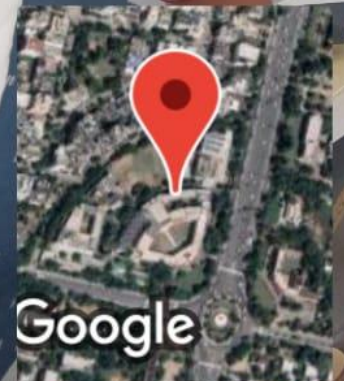

$h = \frac{2.303 \lambda k m}{n c}$

Black Body  $\rightarrow$  Radiations

Solar Cell

Current  $\rightarrow$
