Suggestions: Feedback on Curriculum ,Course , Teaching- Learning and Evaluation:

The following comments / suggestions were received from the students. Views and comments are based upon understanding, perspective and their knowledge -

- Provide all necessary information in group
- Organise more extracurricular activities like guest lectures, educational trips etc
- Teachers should focus on practical knowledge rather than theory.
- Proper classes of SEC,VAC, MDC without any gap
- Availability of books from certain writers and publishers according to the syllabus, Pdfs for practice questions.
- Everything is satisfying
- The students who come regularly in class must be benefited with extra privileges.
- Mentor did not reply to our problems; they needed to solve the doubt relating to forms and results.
- Prioritize skills over marks
- Provide the link of VAC and SEC timely
- It would be better if we were given more assignments strictly.

- There should be more career counseling sessions every week
- Need little study material and guidance otherwise everything is good ☐☐
- Explore options for increased financial aid and scholarship opportunities to deserving students.
- Syllabus should be designed in such a way that it will become helpful in securing a job..
- It is very good to do the data survey of the form.
- The Academic and Teaching approach is merely centered around books and theories where most of the schemes and acts have been changed or not in use or technology has taken the upper hand in the real world.
- No Practical knowledge and No Assignments were introduced in the course up till now. Looking forward to more imperative and procedural knowledge
- The internals exam for mdc vac and sec are taken just near to my CA exams ..so it is very difficult for me to focus on both
- Mam I want that near semester exam students should be provided imp question set from each unit so they don't get puzzled in covering the whole chapter or unit or a basic idea that which part or topic is imp according to exam.
- Everything related to the semester is going very smoothly. Teachers are teaching very well.
- The education was very good. There is no need to suggest anything.

Students shared their comments and gave suggestions on National Education Policy , mid-term examination system , remedial classes etc. and are as under-

- I like the faculty and I feel I had the best environment for my studies.
- More inter college competition must be there in the Business Administration department.
- Helpful and learning preparation in exams
- Talking skills of the teachers and officers should be improved.
- Students are asking for an opinion for a bigger perspective but teachers don't want to listen to it at all.
- Healthy environment is maintained in the class
- Experience in college related to syllabus, teachers all were good.
- It would be better if we get more assignments and weekly basis work
- Some good career opportunities placements should be available for the students
- Teachers are supportive related to any problem of my.
- Timely course complete and Timely revision started .
- Skill enhancement should also be focused.
- Having a great experience in academic as well as other curriculum activities.
- Renovaation of Library
- PPTs and Google slides/Notes should be provided to the students as they are done in other RU affiliated colleges as well.
- Except for the internals paper issue...the services are very commendable
- Lack of upgradation is actually a hindrance. Up to date course material should be provided and ensure accessible facilities.

- Blended learning
- Classroom teaching is always best. we can also give assignments to students online
- Use of ICT and more relevant examples for student enrichment
- Experiential learning along with practical applications of the conceptual learning is best mode for teaching-learning.
- Practical Aspects like internships and Business - Academic Collaborations.
- Classroom teaching along with practicals
- Field Visits, Debates, Academic Discourses, Field visits to be organised.
- Experiential learning along with practical applications of the conceptual learning is the best mode for teaching-learning will be and is beneficial.
- Hands-on trainings, workshops, extension lectures, online class lectures

Seenu

Principal
Kanona PG Mahila Mahavidyalaya
JLN Marg, Jaipur- 302015

- Practical learning, Group forming activities
- Blended teaching & Flipped classroom
- Regular assessment and class test
- Industrial visits for commerce students, practical problems and. Case studies should be added and case study should be added
- Use of ICT and industry and field visit should be compulsory added.
- Online n black board method desktop n computer
- Learning the principles with Animations
- Along with classroom teaching, power point presentation is the best way to explain the students as in science, there are so many flow charts and diagrams in teaching material so it would be easy to show the diagram while explaining it.
- Students should be asked to learn the topic in advance, as much as they can do. Classroom learning should be more interactive and discussing student's queries.

12. Suggestions for quality enhancement :

- A good quality education exhibits through knowledge, combined with competence and orientations. It involves Teaching Methods , Assessment and Evaluation Tools, vision and mission , programme and course outcomes.
- Conduction of more sessions on enhancement of practical knowledge.
- Students should be continuously encouraged to attend regular classes and teachers provide something extra to their students so that they will be attracted to their classes.
- Syllabus updation
- Improved syllabus is required wd more practical subjects along with internship
- more skill enhancement topics should be incorporated in the syllabus
- Active involvement of students in teaching -learning process for better comprehension of subject by them
- Regularity and ways to inculcate interest in the subject should be adopted
- By being up to date, organizing workshops and other such activities to enhance the sphere of knowledge.
- Use of advanced methods for teaching, Improvement in student - teacher relationship
- Latest techniques will be used for quality enhancement...
- Encourage Peer tutoring
- More exposure to the practical world.
- vocational short term course must be compulsory with degree course
- Industrial visits and practical knowledge for commerce students needed
- Blending of experiential learning with ICT tools and regular course work
- Active involvement of students in classroom teaching
- More and more FDPs should be organized.
- Practical learning should be promoted along with inclusion of current and relevant issues.
- Providing a platform for discussion

Principal

- More interaction with students
- Teachers should create a friendly yet professional relationship with their students. Conducting more guest lectures and seminars.
- Industrial training and PD class should be mandatory for all students.
- Different methods in different classes can make class more effective
- More certificate / diploma and add-on courses should be introduced in college
- Better Standards, More Accountability, Adapt to New Technologies, Periodic Assessments, these are some points that can be considered for quality enhancement of education.
- More practical experience for the topics will improve quality.
- Develop basic concepts of philosophy in every student.
- Practical application of paper should be more emphasized, e.g. which could be done through case study method
- University can enhance quality by dynamic curriculum, as changing world has changing demands
- Industry and universities together can bring changes
- Include new discoveries and new technology
- Hybrid mode of teaching is a very effective mode to communicate with the students. Students can also be engaged by giving some assignments and live field projects to enhance their learning.
- There should be internship for students so that they will be able to know how to apply the theory concept in practical life
- Mind mapping should be done for various topics
- More practical based subject should be included in UG and PG programme.
- Semester system should be incorporated.
- Teaching should be relate with real life examples and demonstration
- Internal exam for UG students
- More practical based learning should be adopted.
- Add on courses for skill development
- Research methodology should be integral part of PG syllabus
- Compulsory Term test should be included.
- Teacher's training programme to be organised.
- Practical's theory is explained in the laboratories by the faculties, but in my opinion there should be projectors in labs so that we can show them by some 3D animations or videos presenting the actual view/working of the apparatus
- Separate batches for slow learners and tutorial classes should be added along with theory classes
- In the main examination, 80% questions should be short answer type and concept based.
- More well equipped laboratories for an enhanced exposure to practical.
- Inclusion of more & better Research, Inter twining of Alumni network.
- More research work should be encouraged.
- More industrial visit to be organised and
