## Report

Department of Zoology, Kanoria P.G. Mahila Mahavidyalaya successfully organized a hands on training entitled “**Biodiversity: The art of Capturing, pinning and identifying insect pollinators of Rajasthan**” for post graduate students of Zoology on 12th Sept 2023. The training session was conducted by Dr. Santosh Charan, Assistant Professor Department of Zoology University of Rajasthan. The objective of the training was to enhance the scientific skills and practical approach of young researches on taxonomic procedures (collection, preservation and curation), basics of systematics and identification of different pollinator bees with the help of taxonomic keys. This training provides the students an opportunity to explore their hands on various capturing, killing and pinning methods of insects. He focused on the intricate relationships between these unique bees and desert ecosystem and their vital role in sustaining the fragile desert. He motivated the students to support the conservation and sustainable management of bee populations and their habitats, to maintain the environmental equilibrium. This training session also enhances their basic knowledge on bees. 45 registered participants had attended the session. The session was interactive and very useful for attendees. The session ends with formal vote of thanks.
