Title of the Practice:

Capacity Building and Empowerment Programs

Objectives of the Practice (100 Words)

College predominantly sets its vision and the mission as inspiration/motivation in all endeavors that clearly states that the college focuses on empowering students and faculty members through capacity building programmes by enhancing their abilities, and also developing life skills for self-reliance.

The Objectives/Intended Outcomes of this Practice:

1. To empower and inculcate sense of ownership so that the students can take control over their future development.
2. To impart Education for overall development.
3. To strengthen skills and resources which enhance their ability to envision future.
4. To foster personal growth and leadership qualities by providing appropriate learning ambiance.
5. To transform students into a new responsible workforce and employment ready for sustainable growth.

Underlying Principles

The potency of this practice depends on four following major principles -

1. *Relevance*- The Program is framed keeping in mind the need and to extend the outreach of women's education
2. *Responsiveness*- The concept of the program generates awareness of the trends in the outside world which makes the students competition-ready.
3. *Efficacy*- The program's effectiveness is such that it enables the participation of women in the public domain.
4. *Adaptability*- The program nurtures women to disseminate knowledge and to inculcate critical and analytical thinking.

The Context (150 Words)

With more than 6500 students belonging to different social, cultural, and economic backgrounds the challenges and opportunities run parallel. Being a reputed institution for women's education, students not only from the city but also from neighboring villages and districts belonging to different income strata with differing opportunities of education join the institution which transforms the college in a diverse group. Students born and brought up in the city have greater exposure and access to information in comparison to their peers who step out for the first time from their homes to pursue higher education. Most of them are first generation learners.

On the other hand, challenges faced by students on their front are beyond imagination. Some face gender discrimination at home, possess fewer opportunities for personal growth and have little or no awareness about their rights. Hence at times, students tend to suffer from low self-esteem. With such a disparate group, there are multifarious challenges-

- Executing the transition from a diffident self to 'I Can' is the biggest one out of all.
- Difficulty to strike a balance between value and practice for growth orientation.
- To meet the needs of the global work environment, selecting the right kind of program for a heterogeneous group.
- Due to the limited resources at the students end, making it accessible for every economic stratum is a challenge.

Capacity-building initiatives have to be interwoven in a manner to enable easy access to the students.

The Practice (400 Words)

Adhering to the mission statement, to keep pace with changing times and changing role and expectations of women, the college strengthens its regular academic programs by offering add-on courses and opportunities for developing skills along with the emotional intelligence among the students. College follows a healthy tradition of having Clubs and Subject Associations to provide students with a broad diversity of experiences and exposure. In addition to this the college

Evidence of Success (200 Words)

- The number of companies showing interest in holding campus recruitments in the college is on an increase. Companies like Teleperformance, Deutsche Bank, Infosys BPO, Genpact, HR Solutions, Sanghi Motors, Jaipur Rugs have been regular in picking students from the college. Several other reputed companies have visited the campus for placement like Infosys, TCS, Reliance, HBC News, Genpact, NIIT, Teleperformance, NDTV. The ones who were selected had attended the training sessions organized by the college.
- Students have shown a significant and remarkable change in their personality and confidence level after getting exposure through the activities held under Clubs and Associations.
- Moreover, students have come out with flying colors in extra-curricular sports and cultural activities also by securing positions at university and state-level competitions in events like Seminar, Quiz, Essay Writing Competition, Debate, Nukkad-Natak, Solo and Group Folk Song Competition, Classical/Folk and Western Dance, Fashion Show English Play Rangoli, Collage Making, Treasure Hunt, Cartooning and Face Painting.
- Students have performed exceptionally well in Boxing, Handball Volleyball, Cricket, Basketball Athletics, Kho-Kho, Badminton Wrestling Hockey Judo Swimming Air-Rifle, and Pistol on District, State, National, and International levels.

**Kanoria

The college has not left any stone unturned to provide facilities and amenities to the students to spread their wings in whichever direction they wish to fly and conquer.

Problems Encountered and Resources Required (150 Words)

A. Problems Encountered

- At times, for students education is restricted to solely acquiring a degree due to which there is a need for motivation and realization of the worth of these capacity-building programs.
- Less inclination of the students due to the allied stature of these courses. Besides, no weightage in the evaluation system of the university is given to personality development, presentation skills, soft skills, hence an apathy, towards all such capacity building initiatives can be seen.
- Parents are not oriented with the scope of such courses. They discourage the learners to join such courses.

B. Resources Required

- The College has adequate time, space and ICT-equipped infrastructure for the activities and meetings of the Clubs and Skill Enhancement Courses.
- Human Resources to train the learners.

Best Practice II

Title of the Practice:

Environmental Sustainability

Objectives of the Practice (100 words)

Environmental Sustainability plays a significant role in maintaining wellbeing of mankind. College aims to sensitize the students as well as the local community and inculcate the sense of responsibility to conserve natural resources and protect ecosystem. This practice exemplifies how indispensable environment is for the survival of our planet and mankind.

The Objectives/Intended Outcomes of this Practice

- To make the Best Use of Land based upon an ecosystem approach to ensure environmental integrity and diversity by preserving energy and extending accessible green spaces.
- To instill the ethos of environment conservation among students.
- To protect the environment in both a proactive and remedial manner that promotes efficiency and enhances the quality of life.
- Responsible use of Natural Resources.
- Minimal Discharge of Toxic Pesticides and Other Toxic Chemicals.
- To organize educational programs to encourage conservation of natural resources.

Underlying Principles

The potency of this practice depends on four major principles -

1. *Relevance*- The Program is framed to provide in-depth understanding of ecological challenges prevailing in the world and foster sensitivity, appreciation, and respect for the environment.
2. *Responsiveness*- The concept of the program generates awareness and provides important opportunities for students to engage in real world issues that go beyond classroom walls.

**Kanoria
PG Mahila
Mahavidyalaya
Jaipur**

3. *Efficacy*- The program's effectiveness is such that it builds knowledge and skills necessary to address complex environmental issues.
4. *Adaptability*- The program promotes a sense of place and connection through community involvement.

The Context (150 words)

Conserving the environment is the responsibility of mankind as a whole. In order to sustain the beauty and natural function of the environment, mankind must first take initiative towards environmental sustainability and avoid actions that harm or deplete it. Set in lush green campus, college sets the benchmark in preserving and protecting the natural resources since its inception.

Environmental sustainability is a responsible interaction with the environment to avoid depletion or degradation of natural resources. The practice of environmental sustainability helps to participate in Global Concerns and thus ensure that the needs of mankind are met without jeopardizing the needs of future generations and their ability to fulfil them.

Environment is majestic and has its own power to rejuvenate itself and sustain its viability. For example, when a tree falls, it decomposes, adding nutrients to the soil. These nutrients help sustain suitable conditions for future saplings to grow. Nature alone is invigorating and reviving. Human actions can cause the changes and can deplete natural resources. To preserve nature from this depletion, college applies environmental sustainability methods keeping in purview that their long-term viability is not compromised.

The Practice (400 words)

The College makes every possible effort to contribute towards environmental sustainability both academically and through infrastructural translations.

➤ *Infrastructural Conversions For Environmental Sustainability*

1. Rainwater Recharge Unit

The institution is well aware of the scarcity of water and decreasing level of groundwater. The college made six units for rainwater harvesting in the year

**Kanoria
PG Mahila
Mahavidyalaya
Jaipur**

2014. This is an appropriate setup of a scientifically well-equipped unit. Surface water from the open areas and rooftops of college and hostel buildings are collected and diverted to their charge pits. The rainwater harvesting unit thus increases the level of groundwater and helps in recharging the bore-well.

2. Borewell /Open Well Recharge

An open well plays a significant role in the recharge of groundwater, whereas a borewell can only be used to pull out water from the ground.

3. Solid Waste Management-

In order to keep the campus clean, neat and tidy, dustbins have been placed at different places inside the campus as well as in the laboratories. The solid waste thus collected is segregated into biodegradable and non-biodegradable waste.

- ✓ The non-biodegradable waste is sent to the dump yard through the collection vehicles of Municipal Corporation.
- ✓ Biodegradable waste is utilized for producing organic manure by mixing various decaying organic substances (like green leaves, hostel/canteen waste, dried leaves, etc.).
- ✓ The Biodegradable materials are converted into manure in compost pits which are used as an organic fertilizer for the garden. The institution has two pits for the production of such organic manure. The pits are about 5 feet deep, the length and the breadth are 10X10 feet. In this pit, organic residues and soil are put in alternate layers. After filling the pit, Addition soil is placed on top so it prevents loss of moisture and breeding of flies. After the initial aerobic composting the material undergoes anaerobic decomposition. It takes about six to eight months to obtain the organic manure.

Kanoria PG Mahila Mahavidyalaya Jaipur

- ✓ College also installed an OWC (Organic Waste Converter) machine. It is a fully automatic machine and converts food waste into a compost of high quality which can be used for gardening. This machine turns approximately 50 kg biodegradable solid waste into compost within 24 hours.
- ✓ As an eco-friendly initiative for enhancing the fertility, quality and aeration of the campus soil, two vermicompost units have also been set up on the campus.
- ✓ These three processes, the compost pit, vermicompost unit and OWC machine thus recycle the solid waste and thereby fulfill the requirement of the fertilizers.

4. Solar Panel

80 kW Solar Plant was Installed in January 2019 (85.02 Units per day of electricity is generated by Solar Panel).120 kW Solar Plant has also been Installed in March 2022

➤ Academic Endeavours to Environmental Sustainability

Under the aegis of Teaching Departments and Clubs, college organises numerous environmental sustainability awareness programmes. The list is given in the additional information.

Evidence of Success (200 words)

College organizes and participates in various activities for environmental sustainability. As a result of the success of various initiatives taken by college towards this practice, college got the opportunity to collaborate with various organizations with a dual objective of encouraging students about various environmental issues and contributing to the society by inculcating the three main holistic qualities of culture, service and moral responsibility among the students and also for the holistic development of the Institution.

Problems Encountered and Resources Required (150 words)

A. Problems Encountered

- Plastic alternatives are high in cost which makes them less popular.
- Community as a whole is facing this challenge of logical expression on relevant issues.
- It becomes challenging to attract students from the remote areas of Rajasthan to be a part of this practice.
- It is difficult to handle the large group of students in a limited span of time and with availability of limited resources.

B. Resources Required

- College believes in optimum utilization of resources, but when it comes to the betterment of the society, the college doesn't compromise at any level and thus resources are made accessible for any developmental initiative.

‘पर्यावरण जागरूकता’ कार्यक्रम आयोजित

जयपुर। राजधानी में गांधी सर्किल स्थित कनोड़िया पीजी महिला महाविद्यालय के नेचर क्लब और शिल्प सृजन संस्था ने मिलकर बुधवार को एक ‘पर्यावरण जागरूकता’ कार्यक्रम आयोजित किया। इस कार्यक्रम का मुख्य उद्देश्य नेचर क्लब की छात्राओं द्वारा संस्था के बच्चों के लिए पौधों की महत्वता और पौधरोपण कार्यक्रम के साथ ही स्वास्थ्य एवं स्वच्छता और अपशिष्ट पदार्थ का निष्कासन एवं पृथक्करण जैसे पर्यावरण संरक्षण

के विभिन्न पहलुओं के बारे में जागरूक करना रहा। कार्यक्रम की शुरुआत पौधरोपण के साथ की गई। छात्राओं ने इस कार्यक्रम में हिस्सा लेकर पर्यावरण को हरित करने और प्राकृतिक सौंदर्य की दिशा में उत्साह दिखाने के लिए प्रेरित किया। कार्यक्रम का आरंभ नेचर क्लब की संयोजिका डॉ. नीलम

बागेश्वरी ने कार्यक्रम के उद्देश्यों पर छात्राओं व बच्चों के साथ बातचीत करते हुए किया। कार्यक्रम में सहायक आचार्य शीलू की सरि य भूमिका रही। कार्यक्रम का महत्वपूर्ण हिस्सा स्वास्थ्य और स्वच्छता के प्रति जागरूक करना और अच्छे स्वास्थ्य व स्वच्छता बनाए रखने के महत्व को प्रकट करना रहा। अपशिष्ट प्रबंधन कचरे का उचित प्रबंधन अभियान का महत्वपूर्ण हिस्सा रहा। संस्था में उपस्थित बच्चों को छात्राओं द्वारा खेल के माध्यम से अपशिष्ट की निष्कासन एवं पृथक्करण की प्रि या सिखाई गई ताकि पर्यावरणिक प्रदूषण को कम किया जा सके। पुनर्चरण का महत्व और कचरे की उत्पन्नता को कम करने के लिए किए जाने वाले उत्तरदायित्व को बढ़ावा देने के लिए जोर दिया गया। वहीं छात्राओं ने बच्चों के साथ मिलकर मनोरंजन पूर्ण तरीके से स्वास्थ्य एवं स्वच्छता, अपशिष्ट निष्कासन एवं पृथक्करण और वृक्षरोपण द्वारा अपने पर्यावरण को सुरक्षित एवं संरक्षित बनाए रखने का संदेश दिया। कार्यक्रम को नियोजित पूर्ण तरीके से नेचर क्लब की 23 छात्राओं ने भिन्न मुद्दों पर समूह निर्माण कर बच्चों के साथ गतिविधियां करवाईं। कार्यक्रम के अंत में बच्चों द्वारा नेचर पर ड्राइंग करवाई गई।
