

33. <u>Three Days Workshop on "Molecular Biology Techniques" for Young Researchers (Virtual Mode)</u>

Date: 28-01-2021 to 30-01-2021

1. Brochure:

KANORIA PG MAHILA MAHAVIDYALAYA, JAIPUR DEPARTMENT OF BOTANY

Organizing
3 DAYS WORKSHOP ON

"MOLECULAR BIOLOGY TECHNIQUES"

FOR YOUNG RESEARCHERS 28-30 JANUARY 2021

SPEAKERS

- DR SUMITA KACHHAWAHA, ASSO PROF DEPT OF BOTANY, UOR, JAIPUR
- DR NASEEM AHMAD, ASSTT PROF DEPT OF BOTANY, AMU ALIGARH
- DR REEMA SRIVASTAVA, ASSTT PROF DEPT OF BOTANY, KMM, JAIPUR
- DR APARNA RATHORE, ASSTT PROF DEPT OF BOTANY, KMM, JAIPUR

WHY TO ATTEND

Skilled researchers are always in high demand in the biosciences related and pharmaceutical industries. Participants will be introduced to different major techniques in molecular biology-DNA isolation, PCR, gel electrophoresis, SDS-PAGE, RAPD and Blotting. Molecular biology is the field of biology that studies the composition, structure & interactions of cellular molecule such as DNA, RNA, Proteins that carry out the biological processes essential for the cell functions & maintenance.

HIGHLIGHTS

DNA Extraction, PCR, Agarose Gel Electrophoresis, Protein isolation, SDS-PAGE, RAPD, Blotting Technique, ELISA

Expected Outcome

At the end of the workshop the participants will be able to

- Perform good laboratory practice
- Acquire basic proficiency in common lab techniques of molecular biology.
- Understand & apply the principles & techniques of molecular biology which prepares students for further education or employment in teaching, basic research or the health professions.

Convener

Dr. Seema Agrawal Principal, KMM, Jaipur

Coordinator

Dr Ritu Gupta
Asso. Prof [HOD]

Co-Convener

Dr. Ratna SaxenaVice Principal, Faculty of Science

Organizing Secretary

Dr Reema Srivastava

Asstt. Prof

Organizing Committee

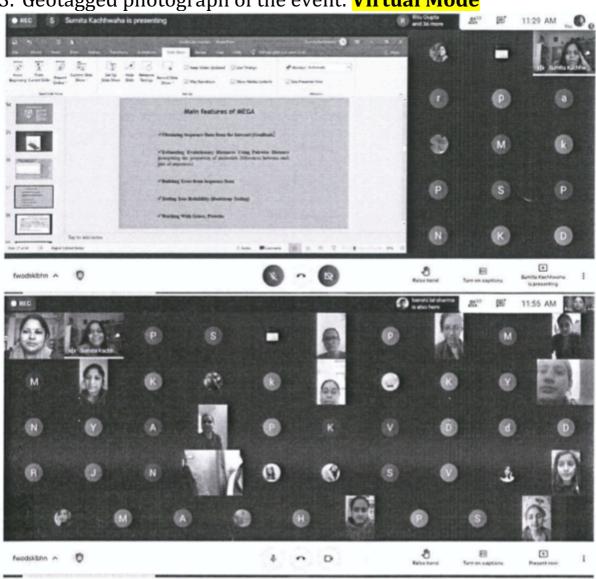

Dr Ritu Jain, Dr Aparna Rathore, Ms Yogita Solanki, Dr Kamakshi Tomar

2. List of resource person/guests:

- 1. Dr. Sumita Kachhawaha, Department of Botany, University of Rajasthan, Jaipur
- 2. Dr. Naseem Ahmed, Department of Botany, AMU Aligarh
- 3. Dr. Reema Srivastava, Department of Botany, KMM Jaipur
- 4. Dr. Aparna Rathore, Department of Botany, KMM Jaipur

Report: Workshop on "Molecular Biology Techniques"

For enhancement of the practical knowledge, a three days workshop on "Molecular

Biology Techniques" for young researchers was organized by Department of

Botany from 28th-30th January 2021. On first day of workshop Dr Naseem Ahmad

from Dept of Botany, AMU, Aligarh demonstrated the process of DNA isolation &

purification followed by DNA quantification and Amplification on the second day

of workshop. He also explained the working of instruments like thermocycler

[PCR], Nano-photometer, and UV visible spectrophotometer used in the process.

He also gave emphasis on taking necessary precautions during the experiment as

instruments are expensive and some chemicals are carcinogenic.

On 28th January 2021, the session of Dr Naseem Ahmad was followed a

session of ELISA by Dr Aparna B Rathore and a session on Blotting Technique on

29th January 2021 by Dr Reema Srivastava.

On 30th January 2021, the session on RAPD was illustrated by Dr Sumita

Kachhawa, Associate Prof, Dept of Botany, UOR, Jaipur. She also explained other

topic like Molecular Markers, SPOT Markers and Dendograms.

The workshop was appreciated by the students of M.SC SEM I & III. About

68 students, enthusiastically participated in the workshop and gained a lot of

knowledge from it.

Dr Reema Srivastava
