Message from the Director

We welcome you to the world of knowledge and learning. As you enter the college with your dreams and aspirations, an ambience of openness and innumerable opportunities await you providing space, scope, and skill to carve your future and a niche in society.

In its long and dynamic journey of extending the outreach of education for girls, the college has remained an interface between knowledge and societal expectations, between aspirations of its young stakeholders and the hard reality looking into their faces and between national goal and local challenges. In return our student community – our brand ambassadors surmounting all odds have taken the college to the hall of fame by their accomplishments – we are proud of them. In them, you will find your role models.

Keeping pace with evolving needs of our times we have ventured to collaborate with some of the best names in academics and industry to introduce skill enhancement and value-added courses to enable you to be self-reliant by your enterprise or by decisively pursuing a career of your choice. Expanding the avenues for young aspirants, college is strengthening the Capacity Building programs to rise to a new challenge and plans to launch BVOC programs in future. We are determined to evoke the spirit of enterprise in the youth by setting up the Incubation Centre to promote start-ups.

The college serves as a venue for Soil Health Card Scheme of Government of India to test the quality of soil in the regions in the vicinity of Jaipur. The college takes pride in collaborating with TrakInvest-Virtual Investment Lab, that enhances the analytical skills in the financial area.

Thus, the college offers you an intellectually stimulating academic atmosphere to enable you to think through ideas and various forums for expression to give you opportunity to explore your passions and discover your potential.

Many of our plans for this session had to be stalled due to COVID-19, we look forward to executing them in the coming session.

We hope that your pursuit of knowledge in the college will be a rich experience to reckon with as has been with thousands of your seniors.

Message from the Principal

Dear Students,

Past few months have been very difficult for all of us. We all have faced and endured such circumstances which none of us has ever imagined. We all were confined to the safety of our homes, but we firmly believe that **Learning Can Never Be Locked**. Considering the challenges that were faced by both teachers and students to keep the process of learning and teaching going on we rapidly adapted to newer technologies. The College has already organized various programmes to train and upgrade teachers to proficiently impart knowledge to the students. Students and parents shall remain ensured that we are committed towards providing quality education and conduct various online co-curricular activities for their holistic development. It is social responsibility of each one of us to follow the Government guidelines to protect each other in this pandemic. This pandemic COVID 19 has been an eye-opener for the entire human race. Along with numerous life lessons, it also brought new avenues to carry out mundane life style. One such revolution came in the field of education which never seized or got restricted during this unpleasant phase of Pandemic. All my regards and best wishes goes to the entire teacher-pupil fraternity for smooth functioning of academics by overcoming all odds and challenges.

Therefore, we welcome you in this virtual academic session and wish you happy learning from the safety and comfort of your home.

A handwritten signature in black ink that reads "Seema".

I was quite a reserved and shy kid in school, but Kanoria college helped me shape up my personality and transformed me into an independent and ambitious woman. I pursued Boom pass course and passed out in 2018 from the college. Kanoria college gave me the flexibility to focus on my dream of becoming an actor. During and after the college I had worked in different TV and theatre shows and my biggest break was to act as Irrfan Khan's wife in Angrezi Medium.

Today when I look back, I realise that teachers and my friends in college motivated and encouraged me to be where I am today. I feel proud to be a part of the Kanoria family.

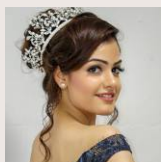

Poorvi Jain
Actor, Angrezi Medium Fame

Kanoria College, gave me some of the best years of my education. I found amazing batch mates, teachers and an environment of growth in the college. I thank all my teachers for providing such great support to all the students and invest time & effort behind each student. I wish this college keep producing bright students in future. I shall always be grateful to all my teachers who allowed me to work on my initiative called LAB - Lend A Book, which involved all the college student volunteers who actively participated in Book donation drives across the city and made sure books reach in the hands of underprivileged students. I think I found the right kind of value system.

The college had contributed immensely in developing my educational foundation that I got a chance to present my research paper at John's Hopkins University, USA, in 2019.
